GATEWAY TO JOBS

Interviews are your chance to sell your skills and abilities. Follow the tips here to ace your interviews.

- Review common interview questions. Practice answering them with someone else or in front of a mirror.
- Plan your schedule so you arrive 10 to 15 minutes early.
- Look professional. Dress in a manner appropriate to the job.
- Turn off your cell phone.
- Bring your sense of humor and SMILE!
- Display confidence during the interview, but let the interviewer start the dialogue. Send a positive message with your body language.
- Shake hands firmly, but only if a hand is offered to you first.
- Maintain eye contact.
- Listen carefully. Welcome all questions, even the difficult ones, with a smile.
- Give honest, direct answers.
- Develop answers in your head before you respond. If you don't understand a question, ask for it to be repeated or clarified. You don't have to rush, but you don't want to appear indecisive.
- End the interview with a good impression. A positive end to the interview is another way to ensure your success.
- Find out if there will be additional interviews.
- Don't forget to send a thank-you note or letter after the interview.
