A two day workshop on

**Qualitative Methods in Teaching & Learning**

15-16 April, 2011

Organized by

ISTE CHAPTER  
R.V.R.& J.C. COLLEGE OF ENGINEERING  
CHOWDAVARAM, GUNTUR-522019  
ANDHRA PRADESH:: INDIA  
www.rvrjcce.ac.in

### **R.V.R. & J.C. College of Engg. Guntur:**

R.V.R. & J.C.College of Engineering, Guntur, which is the host institute, was established in 1985. It is the 'Jewel in the Crown' of the Nagarjuna Education Society. The college is situated at a distance of 11 k.m. from Guntur on the Guntur-Chilakaluripet road(NH-5). Eight educational institutions are functioning under the banner and patronage of Nagarjuna Education Society, with R.V.R. & J.C.College of Engineering being its flagship. It offers eight B.Tech.Degree programmes. Further, the college offers MBA, MCA and M.Tech. in four specializations with a student strength of over 4100. All the programmes have been accredited by NBA, appointed by AICTE, three times i.e. in 1998, 2002 and 2007.

### **About the ISTE chapter:**

The "Indian Society for Technical Education" is a national ,professional , non profit making society. The major objective of the ISTE is to assist and contribute in production and development of top quality professional engineers and technicians needed by industries and other organizations. The Ministry of Human Resource Development, AICTE/ DST/ MIT/ state governments are well associated with the ISTE for programmes relating to technical education.

### **Introduction to workshop:**

Teaching and learning methods that are used in a course play an important role in creating interest to students. A course with a large proportion of its teaching taking place in lectures will need to have a high level of intrinsic interest to students to keep them engaged. The workshop will cover a wide range of teaching and learning techniques with aim to develop qualities which include strong academic skills, thinking, reasoning, teamwork skills and proficiency in using technology in the students.

### **Broad objectives of Workshop:**

- To introduce
  - Innovative techniques in the classroom teaching to meet changing demands of the Industry.
  - The tools and techniques to evaluate the subject content and way of presentation.
- To enable the participants to upgrade their knowledge and skills – by thinking critically, applying knowledge to the new situations, analyzing information, comprehending new ideas, communicating, collaborating, solving problems, making decisions.

### **Course overview:**

The workshop will cover the following topics

- Mind map
- Multiple intelligence
- Habits of mind
- Emotional intelligence
- Motivational techniques
- Memory techniques
- Speed reading

### **Resource faculty:**

The resource persons include experts from R.V.R. & J.C. College of Engineering and from other reputed institutions.
