GATEWAY TO JOBS

Don't Waste Time: Please know that morning exercises, jogging, going to a temple or beach or park, chitchatting are all not time wasters. But realize that there is a time for everything. A time to play, a time to read, a time to love, a time to laugh, a time to weep.....and see that even chitchatting is useful, fruitful, purposeful, entertaining, enlightening and virtuous. For example, chitchatting in English helps your vocabulary. Recitations some scriptures, poems and quotations is virtuous and enlightening. Cell phone, TV, friends all are our best friends but worst time wasters also. Use them wisely. The most common time wasters are however, inability, to say 'No', Lack of planning, unclear priorities, Not maintaining a log book, indecision and postponement, weakness of friends etc. Correct yourself. Wasting of time is one kind of weakness. Don't postpone things, because, tomorrow may be worse than today. "Postponement is not murder of time, it is suicide". The few minutes we live actively only is life, the few minutes we waste wailing away time lazily is 'death'. Postponement and Death are synonyms.

Hobbies: Einstein said "physics is my hobby". But, physics is derived from a Greek word 'physicos' that means 'natural'. Today all scientists say that it is very good to have hobbies and psychology says that we often are successful in the fields that we take up as hobby however is to enjoy nature. Reading books is another good hobby, and soon it becomes your habit and then your nature! All great leaders are great readers!

Habits: Inculcate good habits like brush teeth twice a day. Brush your teeth just before going to bed, it takes just 30 seconds. Tongue cleaning is not essential, just brush with a little amount of paste. This will pay back several rich dividends on a long run. It's one of the great habits that increases your self-esteem and others are sure to admire you as this single habit speaks a lot about your culture and character.

Be Cool: Never lose temper. Never act rashly or impulsively. Take time to respond. When in anger count hundred. It saves you from several flare-ups and embarrassments. If you lose temper and react badly even once, the society may remember that for a very long time of your career. ANGER is one letter short of DANGER. Great men rejoice in adversity as soldiers triumph in war. The quality of a person can be judged by his behavior in failures and difficulties.
