Minutes:

1. Reviewed the progress of the department for first semester of the AY 2019-20.
 - Reviewed that results are very poor for first year courses
 - Many students have failed in second year subjects
 - Student involvement is low in many college academic and non academic events
 - Resolved that students need more care and motivation to perform well in exams and to participate actively in the college and inter college events.

2. Discussed about the new equipment proposals to be sent for the year 2020-2021.
 - One or two drive experiments can be purchased into power electronics lab
 - Project lab can be more equipped
 - Experiments with advanced processors could be taken for microprocessors lab
 - In view of the new lab course in electronics, packages/equipment need to be added to electronics lab. Or else a new lab may be established for this purpose.

3. Reviewed the progress of in house projects sanctioned by management.
Reviewed the improvement in quality of faculty publications.

4. Discussed the progress of NAAC work
 - Application submission is under progress and identified few updates to be done from department side.
