# An Initiative of Ministry of Electronics & Information Technology (MeitY), Government of India

Electronics & ICT Academy IIT Guwahati, Assam

One-week Faculty Development Program on Emerging Trends in Wireless Communication (25 – 29 November, 2019)

In Association with Department of Electronics & Communication Engineering,

# **RVR & JC College of Engineering,**

Guntur, Andhra Pradesh & Support from Techvictus

Course Date: 25 – 29 November, 2019

Last Date of Registration: 14/11/2019 (Online Registration link will be open from 09/10/2019)

Venue: RVR & JC College of Engineering, Guntur, Andhra Pradesh

# **Objective of the Course**

The course concentrates on wireless physical layer communication and builds off of a traditional course in communications. Laboratories and projects are a fundamental component of the course. Course gives an introduction on the current wireless communication systems. Course deals with the characterization and the modelling of the propagation channel which are particularly critical in the design of the recent technologies as MIMO.

# **Pre-Requisite for the Course**

The preferred Pre-Requisites for the course are:

- Background from Electronics/ Electrical/IT/Computer Science Engineering or Physics
- Fundamentals of Wireless Communication.

# Assignments & Project

Assignments will be of the following type:
 MCQ based questionnaire.

•Programming Assignments (Problem statement will be provided.

2. At the end of the course "Project" will be assigned to the participants which will be based on the Practical Case Studies.

# About E&ICT Academy

Electronics and ICT Academy is an initiative of Ministry of Electronics & Information Technology (MeitY) Ministry of Communications and IT, Govt. of India for Faculty/ Research Scholar Development Programme.

Academy has planned short term training programmes on fundamental and advanced topics in IT, Electronics & Communication, Product Design, Manufacturing with hands on training and project work using latest software tools and systems.

In addition, the Academy will conduct specialized/customized training programmes and research promotion workshops for corporate sector & educational institutions.

# **Course Outcome**

The participants will be given a thorough understanding of Roadmap to 5G: targeted specifications, Millimetre Wave, Modulation techniques and waveforms, Massive MIMO, Antennas and RF subsystem for 5G, 5G Internet

# Who Can Attend

Programme is open to Faculty Members, Research Scholars, PG Students, Lab Technicians and Project Staffs from Universities & Colleges. Industry and Personnel working in the concerned/allied discipline may also apply.

# About RVR & JC College of Engineering

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli (RVR & JC) College of Engineering was promoted by the renowned Nagarjuna Education Society (1967) in the year 1985, the College drew its initial impetus from Peoples Representatives, local doctors, charitable trusts and commercial houses of Guntur District. The promoters of the College have pursued their mission with such a zeal and understanding that the College had over taken the older colleges quantitatively and qualitatively. The institute was affiliated to Acharya Nagarjuna University and conferred Autonomous status by UGC, New Delhi from the Academic Year 2012-13. Training the students beyond the defined borders of the curriculum is a basic emphasis, the college dearly practices. The founder-members of Nagarjuna Education Society and their successors have provided abundant inputs to turn a mere 3-course-180-intake College into a 16-course (8 B.Tech. Degree Courses, 6 M.Tech. courses in Engineering, MCA & MBA)-1400-intake. The college periodically tested its own standards and standing among the fraternity of colleges, securing Accreditation from National Board of Accreditation, AICTE in 1998, 2002, 2007, 2012 & 2017 and from NAAC with A Grade in the year 2014. Being the most preferred engineering college in Andhra Pradesh, RVR&JC CE is well known for its discipline, technical excellence will give topmost priority to core-principles, Human Resource Development and emphasis on total quality.

# How to reach RVR & JC College of Engineering

The college is located on Kolkata – Chennai National Highway (NH16) and 12kms (approximately) from NTR bus station, Guntur. GPS coordinates of this location is  $16^0 15$ , 15.1" N and  $80^0 19$ , 21.4" E (16.254200, 80.322600). One can reach the college by any of the following options:

Option1: College has 28 own transport buses will covers all major points in Guntur Corporation area. One can board the bus to reach the college.

Option2: By boarding the APSRTC (Govt Public Transport) bus at the NTR bus station which fly between Guntur -Chilakaluripet as ordinary service and can drop at college highway gate. College is about 1km from Highway gate. You can find local autos or it's a just 5min walk to reach college.

Option3: Can book a cab (approximately Rs 100/-) to reach college.

The college drew its initial impetus from Peoples Representatives, local doctors, charitable trusts and commercial houses of Guntur District. The promoters of the College have pursued their mission with such a zeal and understanding that the College had over taken the older colleges quantitatively and qualitatively. The institute was affiliated to Acharya Nagarjuna University and was conferred Autonomous status by UGC, New Delhi from the Academic Year 2012-13. The founder members of Nagarjuna Education Society and their successors have provided abundant inputs to turn a mere 3-course-180intake College into a 16-course (8 B.Tech. Degree Courses, 6 M.Tech. courses in Engineering, MCA & MBA) 1400 intake college. The college periodically tested its own standards and standing among the fraternity of colleges, securing Accreditation from National Board of Accreditation, AICTE in 1998, 2002, 2007, 2012 & 2017 and from NAAC with A Grade in the year 2014. Being the most preferred engineering college in Andhra Pradesh, R.V.R. & J.C.C.E. is well known for its discipline, technical excellence which will give top most priority to core-principles, Human Resource Development and emphasis on total quality.

## **About the Department**

The department of ECE came in to existence in 1985 when the institute was founded. It was started with an intake of 40 which was subsequently raised to 180 over a period of time. The M.Tech. course in Communication Engineering & Signal Processing was started in 2010 with an intake of 18. The department has highly qualified, experienced and dedicated faculty members. It has strong administration, infrastructure facilities. The department is keeping pace with the fast changing technology of Electronics & Communication in terms of its teaching program and laboratory activities. The B.Tech program offered by the department was accredited five times by National Board of Accreditation (NBA) in the years 1998, 2002, 2007, 2012 and 2017 with good grades.

## **About STTP**

Over the past five decades, digital signal processing has evolved as a major engineering discipline. The fields of signal processing have grown from the origin of fast Fourier transform and digital filter design to statistical spectral analysis and array processing, image, audio, and multimedia processing. LabVIEW is the most widely used visual/graphical system design platform and development environment for data acquisition, instrument control and industrial automation. Here signal processing toolbox and IMAQ vision toolbox present a complete set of digital signal & image processing functions that reduce the programming efforts of the users for obtaining better results in a shorter time. This STTP will introduce the fundamental principles of graphical system design using NI LabVIEW and also gives the participants a chance to experience NI hardware for implementing signal and Image Processing algorithms.

# **Objectives of STTP**

- > To give familiarity on LabVIEW software.
- > To focus on acquiring a real world signal.
- > To analyze different signals with LabVIEW.
- > To implement different applications using NI hardware.

# **Course Contents**

- Introduction to Laboratory Virtual Instrument Engineering Workbench (LabVIEW) software.
- ➢ Signal processing applications using LabVIEW.
- Image processing applications using NI vision Assistant Tool.
- Acquire, Analyze and Automate using NI myDAQ.
- > Design, Prototype and Deploy using NI myRIO.
- Development of various applications using LabVIEW.

# **Organization Committee**

- 1) Dr.M.V.S.Prasad, Professor of ECE
- 2) Dr.J.Ravindranadh, Professor of ECE
- 3) Dr.M.Satya Sai Ram, Professor of ECE
- 4) Dr.P.Suresh Kumar, Associate Professor in ECE
- 5) Dr.X.Ascar Davix, Associate Professor in ECE
- 6) Smt.N.Renuka, Associate Professor in ECE
- 7) Smt.P.P.S.Subhashini, Associate Professor in ECE
- 8) Smt.P.Sailaja, Assistant Professor in ECE
- 9) Mr.P.Siva Prasad, Assistant Professor in ECE
- 10) Mr.A.Murali Krishna, Assistant Professor in ECE
- 11) Mr.K.Upendra Chowdary, Asst.Professor in ECE
- 12) Mr.P.V.Krishna Kanth, Assistant Professor in ECE
- 13) Mr.K.Anil Kumar, Assistant Professor in ECE
- 14) Mr.N.Pavan Kumar, Assistant Professor in ECE
- 15) Mr.N.Sudheer Kumar, Assistant Professor in ECE
- 16) Mr.K.Sudhakar, Assistant Professor in ECE
- 17) Smt.P.BalaPrasanthi, Assistant Professor in ECE

#### About RVR&JC CE and EEE Department

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli (RVR & JC) College of Engineering was promoted by the renowned Nagarjuna Education Society (1967) in the year 1985. The College drew its initial impetus from Peoples Representatives, local doctors, charitat trusts and commercial houses of Guntur District. The promoters of the College have pursued their mission with such a zeal and understanding that the College had over taken the older colleges quantitatively and qualitatively Training the students beyond the defined borders of the curriculum is a basic emphasis, the college dearly practices. The college periodically tested its own standards and standing among the fraternity of colleges, securing Accreditation from National Board of Accreditation, AICTE in 1998, 2002, 2007, 2012 & 2017. Today it is a most sought after institution offering 8 B.Tech. Degree Courses, 6 M.Tech courses in Engineering, MCA & MBA. The institute was mous status by UGC, New Delhi from the conferred Autor Academic Year 2012- 13 and Accredited by NAAC, UGC with 'A' grade

The department of Electrical & Electronics Engineering was established with an intake of 60 students which was subsequently raised to 180 over a period of time. It has a strong administration, infrastructure and dedicated team of Faculty. The department is keeping pace with the fast changing technology of Electrical & Electronics Engineering in terms of its teaching program and laboratory activities. In addition to core electrical subjects, software based subjects are also included in the syllabus which makes this course suitable for core Electrical & Electronics Engineering and many IT industries. Department was accredited Four times by National Board of Accreditation (NBA) in the years 2002, 2007, 2012 and 2017 with good grades. The department is presently offering 4-year B. Tech degree programme in Electrical & Electronics Engineering and 2-year M.Tech degree programme in Power Systems Engineering.

#### Objective of the Program

This AICTE Sponsored Short Term Training Program (STTR) is aimed at addressing the theoretical and practical aspects of "Energy Management of Smart Grids and Microgrids with IOT" in view of the upcoming smart electric grids with the integration of sustainable resources adopting latest technologies like IOT and associated communications. The program is designed to address the issues on Asset management which will help the participants to gain knowledge on planning, operation and maintenance of sustainable energy grids.

#### Topics to be covered

- Introduction to Smart Grid/Smart City
- Smart Grid/Smart City Initiatives Indian
   Perspectives
- Smart Cities Internet of Things (IOT) and Technologies
- Information and communication technologies, Cyber Security
- Integration of Generation from Renewable Energy Sources with Grid, Storage Devices and Net Metering
- Micro Grids Operation and Control
- Smart Sensors and Advanced Metering
  Infrastructure
- Implementation challenges
- Protection challenges
- Field visit to Industries

#### Resource persons

Academicians in the concerned field from IITs/NITs/IIITs are invited to deliver lectures in the programme. Speakers from industries are also expected to deliver as part of the course.

#### Who can attend?

The workshop is open to the Faculty members of AICTE approved technical institutions, Research scholars, Persons working in R&D Organizations & Electrical Industries.

Number of participants is limited to Forty. The completed application should reach the Coordinator on or before 10° July 2019.

Selected participants will be informed by 15th July 2019.

### Registration and Fee Particulars

There is no Registration fee for the faculty from AICTE approved institutions.

As per the AICTE norms, travelling expenses will be reimbursed to outstation participants upto third AC fare to reach Guntur subjected to submission of original travel tickets.

Accommodation will be provided to the outstation participants.

Registration for participating in the workshop may be done by sending the application in the prescribed format

duly signed by the Head of the Institution. Application form may be downloaded from the college

One Week STTP on "Energy Management of Smart Grids and Microgrids with

IOT"

29<sup>th</sup> July to 3<sup>rd</sup> August, 2019 Organized by

## **Department of Electrical & Electronics Engineering** R.V.R&J.C. COLLEGE OF ENGINEERING (Autonomous)

(Accredited by NAAC with 'A' Grade :: Sponsored by NAGARJUNA EDUCATION SOCIETY :: Approved by AICTE) Chandramoulipuram, CHOWDAVARAM, GUNTUR-522019. Andhra Pradesh

The Department of Electrical & Electronics Engineering has organized the one week AICTS-STTP on "Energy Management of Smart Grids and Microgrids with IOT" during 29<sup>th</sup> July to 3<sup>rd</sup> August, 2019.

Smart electric grids with the integration of sustainable resources are adopting latest technologies like IOT and associated communications. The program is designed to address the issues associated with smart and microgrids and to furnish knowledge to the participants on planning, operation and maintenance of sustainable energy grids.

The participants registered for the one week STTP are 57, including Faculty members of AICTE approved institutions, Research scholars and PG students of Engineering. Registration kit was given to participants which consists of a Shoulder bag, A4 size scribbling pad, pen and certificate for their participation. Course material is circulated to them through emails. During the course, two industrial visits were arranged and transportation is provided to the participants by our college transportation. During the course, special lunch is given and snacks with tea/coffee are given during tea break.

Renowned Resource persons / subject specialists from IITs, NITs, Universities and Industries have delivered sessions and shared their expertise with the participants.

The STTP has

- Focused to create knowledge on upcoming technologies for Integration of Generation from Renewable Energy Sources with Grid, Net Metering and MicroGrid in Indian perspective.
- Provided information on IOT , communication technologies and Cyber Security
- Discussed about Smart Sensors and Advanced Metering Infrastructure, Implementation and protection challenges
- Provided practical knowledge on implementing the smart grids and smart meters in industries at (i) Vidyut Soudha APSLDC (Andhra Pradesh State Load Dispatch Centre\_ – Gunadala, Vijayawada and (ii) Efftronics Systems Private Limited, Vijayawada
- Also given information on future challenges in practical implementation and research opportunities
- Presented vast information during all the sessions, which will not only enable the participants to improve their know-how in this upcoming area, but also to develop new skills, show expertise and consolidate knowledge.

As a whole this STTTP is useful in deeper understanding of these fast growing fields in India.

The proceedings of all presentations were circulated to participants through email. This programme enriched the knowledge of participants (Teachers of Engineering colleges, Research scholars and M.Tech students in power systems engineering) regarding importance, implementation and challenges with smart and microgrids with IOT technologies. Feedback is taken from the participants which is highly appreciative.

## A Brief Report on AICTE Sponsored One Week Short Term Training Program (STTP)

Event Details: AICTE Sponsored One Week Short Term Training Program (STTP) on "Multicore Architectures and Programming".

## Duration: 26th August- 31st August, 2019

## Venue: E-learning Centre, Department of CSE, RVR & J.C CE, Guntur

The Department of Computer Science and Engineering is very happy to bring to the kind notice of the principal that the AICTE Sponsored One Week Short Term Training Programme on "Multicore Architectures and Programming" 26-08-2019 to 31-08-2019. The objective of Short Term Training Programme is to bring together the academic experts & industrial professionals to share their experience on latest developments of the processors and fabrication technology, multi – core systems, threading Concepts, Multi-core Architectures, Memory architectures for multi-core, GPU Architecture, GPU programming, Performance optimization using GPGPUs, Parallel Programming. Hands on sessions are also been conducted on Open MP and MPI to make the participants learn the APIs being used to implement parallel programming.

The following organizing committee was formed to organize the progamme

## **ORGANISING COMMITTEE:**

### Chief patrons

Dr. R. Srinivas, President, RVR & JC College of Engineering

Sri. R. Gopala Krishna, Secretary & Correspondent, RVR & JC College of Engineering

Dr. K. Krishna Prasad, Treasurer, RVR & JC College of Engineering

## Patrons:

Dr. K. Srinivasu, Principal, RVR & JC College of Engineering

### Chairman:

Dr. K. Srinivasu, Principal

#### Advisory Committee:

The one-week memorable activity came to an end by the Valedictory function at 03.15 p.m. on 31-08-2019 with the invocation Dr. R. Lakshmi Tulasi, Computer Science and Engineering. Mr. Srihari karanam, TCS, Hyderabad and Mr. Partha Acharya, TCS, Hyderabad were the chief guests and Dr. K. Srinivasu, Principal of the college presided over the Valedictory function. As per the feedback from the participants they are satisfied with the plenary lectures, Demos, arrangements made and hospitality extended to them. The participants and guest speakers appreciated for the cleanliness of the campus. Dr. M. Sreelatha, Co-ordinator, on behalf of the college and organizing committee expressed thanks to all those who helped and supported the programme directly or indirectly. Mr. Sreehari karanam and Mr. Partha Acharya, Dr. K. Srinivasu, presented the Certificates to the participants. The Valedictory function ended with vote of thanks proposed by Dr. B.Vara Prasada Rao, Asso. Professor, Department of Computer Science and Engineering.

# About the Webinar

A quote by Dr. Nick Bostrom rightfully summarises the prominent role of AI in the coming years. Machine Intelligence is the last invention that humanity will ever need to make."

In fact, in a study conducted by Adobe, 80% of all emerging technologies will have some AI foundations by 2021. Artificial intelligence is one of the fastest moving and least predictable industries. For academicians and industry personnel, it will greatly help to stay in touch with the recent developments in the industry and to get an insight into what the future of AI holds for humankind.

### About the Speaker

Dr. Nilakshi Jain currently serves as an Associate Professor at the Shah & Anchor Kutchhi Engineering College in the Information Technology Department, Mumbai, India. She is the Research Coordinator of SAKEC Research Cell and President of Institution Innovation Council. She is a Certified Ethical Hacker (EC-Council- USA) and has a rich experience of working in the Digital Forensic field. Her areas of research include Artificial Intelligence, Human Computer Interaction, and Usability Engineering. Feedback Form

material to participants, Honorarium to resource persons, TA/DA to resource persons including two outstations resource persons & working expenses (reprographic services, postage, transport, daily wages, tea/coffee etc).

1. The grant is subject to the adjustment on the basis of Utilization Certificate in the prescribed proforms to be submitted by the University/College/Institution. Further, the accounts of the institute will be open for test check by the Council or Controller & Auditor General of India or any other officer designated by them.

### II. Disbursement of funds to institutions

a. The full amount of the grant sanctioned is being released as advance to the University/Institute.

- b The amount spent by the institute on the conduct of FDP shall be adjusted on the basis or utilization certifices and detailed expenditure statement submitted by the University/Institution on the prescribed format along with other mandatory documents viz feedback form, copy of proceedings and completion report etc.
- c. The above said amount of the grant shall be released on the basis of the Letter of Approval (LOA) issued by AICTE to the institute for the academic year 2018-19.

### III. Conduct of test and issuance of certificate

A test shall be conducted by Program Evaluation Committee (PEC) at the end of the program and the certificates snall be issued to those participants who have attended the program and have qualified in the test.

#### IV. Submission of documents by university/institution

- a. The following mandatory relevant documents are required to be submitted by the university/institution within one month of the completion of the program :-
  - (i) Original Statement of actual expenditure & Utilization Certificate in the prescribed proforma duly signed by the Head of the institution and countersigned by Registrar/Finance Officer/Govt. Auditor. In case of self-financing/private institutions, Statement of actual Expenditure & Utilization Certificate are required to be audited & signed and sealed by a Chartered Accountant endorsing the membership number and complete postal address. Photocopies of formats are enclosed.

The university/institution is not required to submit bills/vouchers/invoices etc for the expenditure incurred out of recurring grants. However, such copies of bills/vouchers/invoices shall be digitized by respective institutions receiving grant and uploaded scanned copies or such dills/vouchers/invoices etc on the portai for availability of view at any point of time.

- (ii) Feedback form in the prescribed proforma.
- (iii) + Copy of the proceedings and completion report.
- (iv) List of candidates who have successfully completed the program on the basis of the test conducted by Program Evaluation Committee (PEC).
- (v) Report submitted by Program Evaluation Committee (PEC) .
- b. The amount of the grant shall be adjusted on submission of utilization certificate & detailed expenditure statement by University/Institution. On receipt of these documents, the total amount of financial assistance, admissible as per the nonce, shall be worked out and grant-in-aid shall to adjusted.
- c. The university/institution is expected to submit the above said mandatory documents viz. Utilization certificate, Expenditure Statement and feedback form etc within one month of conduct of FDP. However, delay of further 2 months may be condoned by AICTE in special circumstances as explained by the institute. Delay in submission of documents after three months of the conduct of FDP shall invite a penalty of 10% of the total sanctioned amount of the FDP, to be deducted from the balance amount of 2nd installment. The entire amount of grant already released, along with interest accrued thereon shall be refunded to AICTE if mandatory documents are not submitted by the institute beyond one year.

#### V. General Instructions

- a. Preferably 10% of the participants may be industry professionals deputed by industry. Further, not more than 26% participants shall be from the host institution/group of institutions.
- b Interest, accrued on the grant released shall be refunded back to AICTE.
- c. If programme is not conducted in the period of nine months of the issuance of this Offer Letter, the released amount, along with interest accrued thereon, has to be returned back to AICTE.
- d. The expenditure under the Heads 'Honorarium to Course Coordinator' and 'Honorarium to Resource Persons' shall not exceed 1% & 20% respectively of the total sanctioned grant for the Programme. However, overall expenditure shall not exceed the funds sanctioned for the Programme.

- e Any extra money required to complete the programme must be borne by the institute from their own resources. But the quality of the activities should not be compromised.
- The FDP will be organized for 2 weeks with minimum 40 participants. The approved FDP shall be conducted within nine months from the date of release of funds.
- 9 Any unavoidable circumstantial change in the Program with respect to name of Project Coordinator. Venue and date for organizing FDP would mandatorily require prior approval of the Council. All such requests should be addressed to AICTE, in advance, recording the specific reasons for proposed changes, failing which the offer for the grant already issued would be treated as automatically withdrawn and the financial assistance released in fayour of the beneficiary institution shall be refunded immediately to the Council. Kindly mention the File No. 34-55/ Y 0 // RIFD/FDP/Policy-1/2012-18 in your future correspondence.
- h Program Exaluation Committee (PEC) is required to be constituted at institutional level. The constitution of the PEC shall be as under.
  - Principal/Director/Registrar of the institution (Chairperson).
  - (ii) Coordinator of the program (Member Secretary),
  - (iii) Two HODs and one subject expert (members).

The members of the said PEC shall not be below the rank of Associate Professor. A test shall be conducted by Program Evaluation Committee (PEC) at the end of the program and the certificates shall be issued to those participants who have attended the program and have qualified in the test. The minutes of the meetings, along with PEC report, are to be submitted to the Council at end of the program along with other mandatory documents.

GOI GFR rules (@https://doe.gov.in/order-circular/general-financial-rules2017-0) should be followed during utilization of grant.

FACULTY DEVELOPMENT PROGRAMME on Emerging Technologies and Challenges in Mechanical Engineering (ETCME)

21<sup>st</sup> October to 2<sup>nd</sup> November, 2019

Coordinator Dr. C. SRINIVAS Associate Professor

Organized by DEPARTMENT OF MECHANICAL ENGINEERING RVR&JC COLLEGE OF ENGINEERING (Autonomous) Accredited by NBA & NAAC with 'A' Grade Chandramoulipuram :: Chowdavaram GUINTUR 522 019 - ANDHRA PRADESH

to well-known for its discipline and dexterity in the field of Engineering Education. It was promoted by a philanthropic group of individuals under Nagarjuna Education Society, Guntur in the year 1985. The promoters of the College have pursued their mission with such a zeal and understanding that the College had over-taken the older colleges quantitatively and qualitatively. Today, it is a most sought after institution offering 8 B.Tech. and 6 M.Tech. programmes in Engineering, as well as MCA & MBA programmes.

#### Its credentials are:

- . The first Engineering College in the state accredited by NBA for Five times in 1998, 2002, 2007, 2012 & 2017.
- . 2nd best among the private Engineering Colleges in the state and 4th best amongst all colleges inclusive of the University Colleges in Andhra Pradesh state.
- · Consistently figured among the top 100 Engineering Colleges in the country.
- · Best Performing College among all the affiliated colleges of Acharya Nagarjuna University.
- · Graded as AAA+ by Careers 360 magazine in 2018.
- · Figured among the top 100 Engineering colleges in the country and ranked 90 by Education world in 2018.

#### ABOUT THE DEPARTMENT

The Department of Mechanical Engineering started B.Tech course in 1985 and M.Tech (CAD/CAM) in 2004.The B.Tech course had been accredited with "A" grade by NBA for 3/5 Years in 1998, 2002 respectively. It has been re-accredited for 3 years in 2007, 2012 and in 2017. The department was awarded Rs.84.36 lakhs worth projects by AICTE, UGC and so on. The department has well experienced faculty with nght mix of specializations and highly skilled and motivated technicians to provide quality education to the students. A well-established CAD/CAM laboratory possess 130 high end computer systems and all with advanced modeling and analysis softwares. Many of its students are placed in National & Multi-national companies like ISRO, HPCL, HAL, VIZAG Steel, Hyundi Mobis, Satyam Ventures, TCS, Reliance, Tech Mahindra, NTT Data, Cummins, Essar Steels, Infosys, CTS, Satyam Ventures and CYIENT Limited etc., through

testing, operation, maintenance and management of machines, and mechanical systems, Mechanical engineers are critical to technologies that serve people and are widely represented in both the traditional and alternative energy industries. India's manufacturing sector is on a high growth trajectory and as per National Manufacturing Competitiveness council (NMCC) is set to contribute 25% to the GDP by 2025. Production efficiency and the mechanical engineering progress depend on ability to develop, import and adapt new technologies. Given the rapid pace of globalization, fast-depleting material resources, increasing competition among nations and the growing need to protect intellectual property, strengthening the knowledge base is an important issue. While India's technical talent is recognized world over, an attempt to compensate the institutional gaps is done by promoting industry-research interaction and through updating the knowledge of an engineer by conducting FDP's like Emerging technologies, tools, techniques, issues and challenges in mechanical engineering and industrial applications

#### **OBJECTIVES OF PROGRAM**

- · Dissemination of the latest information in order to enhance the knowledge in the emerging areas of Mechanical Engineering.
- · Create an awareness of the challenges and barriers in Mechanical Engineering.
- · Able to Bridge the gap between Faculty and Industry
- · Able to communicate and interact with their peers in Mechanical Engineering
- · Comprehend the computational techniques for design, simulate and optimizing the Design, Analysis and Manufacturing Systems.

#### COURSE CONTENT

The FDP will cover topics listed below. However, the list is not exhaustive and other relevant topics may be included.

- Advanced manufacturing processes.
- Micro / Nano Materials
- Industrial Robotics & Automation
- Flexible Manufacturing systems
- Supply Chain Management
- Computational fluid dynamics
- Optimization methods
- 3D experience platform

#### RESOURCE PERSONS

Academicians from IITs/NITs/Universities, renowned Engineering Colleges will deliver lectures and discuss industrial case studies. Eminent Industry experts will also share their experiences.

Ton Company and internet

#### WHO CAN ATTEND

The FDP programme is open to the faculty members of AICTE approved technical institutions, Research Scholars, Persons working in R&D Organizations and industry. Number of participants is limited to 40.

#### REGISTRATION AND FEE PARTICULARS

This is being AICTE sponsored Two weeks Faculty Development Programme, there is NO registration fee for the faculty of AICTE approved institutions. TA will be paid to the participants as per AICTE norms up to 3 AC by shortest route subjected to submission of original travel tickets. Registration for the programme may be done by sending the application in prescribed format duly signed by the Head of the institution. Application form can be downloaded from the college website: www.rvrjcce.ac.in. Scanned copy of the filled in application form can be sent to the following mail address: csrinivas@rvrjc.ac.in on or before 10th October 2019 and original registration form has to be sent to the co-ordinator by speed post.

#### ACCOMMODATION

College hostel accommodation will be provided at free of cost to all outstation participants. The participants have to request in advance along with the registration form for such accommodation.

### No.R&J/ME-FDP/2019/

10-09-2019

Dear Sir,

Sub: AICTE Sponsored Two Weeks FDP on Emerging Technologies and Challenges in Mechanical Engineering (ETCME) from 21-10-2019 to 02-11-2019.

We are pleased to inform that the Department of Mechanical Engineering of our college is organizing an AICTE Sponsored Two Weeks Faculty Development Programme (FDP) on *Emerging Technologies and Challenges in Mechanical Engineering (ETCME)* from 21-10-2019 to 02-11-2019. *The FDP program is open to all the faculty from AICTE approved Institutions/Industry.* The FDP addresses the following topics:

- · Advanced manufacturing processes.
- · Micro / Nano Materials
- · Industrial Robotics & Automation
- Flexible Manufacturing systems
- Supply Chain Management
- Computational fluid dynamics
- · Optimization methods
- 3 D experience platform
- Modeling and Simulation in Engineering
- Alternative Energy sources
- Non Destructive Testing (NDT)

This programme provides an understanding of the advanced technologies, testing techniques, software and optimization methods for mechanical engineering problems.

The program includes lectures to be delivered by renowned personalities from IITs, NITs, IIITs, R&D laboratories, industries and other reputed organizations.

I request you to kindly circulate/display the enclosed brochure at predominant places of your College / Organization and give it a wide publicity so that the academicians / industry/ R&D Engineers will be inspired to participate in the FDP. I would appreciate if you could sponsor the Faculty of your esteemed Institute / Organization to participate in the above FDP.

We look forward to your encouragement and support in making the FDP a grand success.

Thanking you,

Yours faithfully,

K.S.

# R.V.R & J.C. COLLEGE OF ENGINEERING (Autonomous) Department of Mechanical Engineering

# All India Council for Technical Education, New Delhi (AICTE) Sponsored Two Weeks F.D. P on Emerging Technologies and Challenges in Mechanical Engineering 21<sup>st</sup> October to 2<sup>nd</sup> November, 2019

The Department of Mechanical Engineering has successfully organized the AICTE Sponsored Two Week Faculty Development Programme (FDP) on "Emerging Technologies and Challeñges in Mechanical Engineering" from 21-10-2019 to 02-11-2019. The objective of Faculty Development Programme is to bring together the academic experts & industrial professionals to share their experience and issues on latest developments of mechanical engineering like Advanced manufacturing processes, Micro / Nano Materials, Supply Chain Management, Computational fluid dynamic, 3D experience platform, Modeling and Simulation in Engineering, Alternative Energy sources, Non Destructive Testing (NDT) etc.. The forum intends to discuss an overall view of the Emerging Technologies and Challenges in Mechanical Engineering. 50 faculty members in which 32 faculty members from different colleges, 3 in Mechanical Engineering. 50 faculty members in which 32 faculty members have participated in the members from industry (35 external participants) and 15 internal faculty members have participated in the

programme.

# Nominated as a Course Coordinator

# Dear Jagadeesh Dokuparthi,

We are glad to inform you that you have been nominated as a Course Coordinator for "Coordinators Workshop on Scilab - 16 April 2019" by the Remote Centre Coordinator of your institute -R.V.R. & J. C. College of Engineering, Chowdavaram, Guntur.

We presume that you have completely understood the role of a Course Coordinator and you are willing to take the responsibility for the smooth functioning of this course.

#### Regards,

Course Management Team

# Schedule for Coordinators' Workshop on Scilab - 16 April 2019

#### 5. Course Fee

2019.

Every participant has to pay Rs. **100** as the course fee to IIT Bombay at the time of online registration. On the day of the

p, i.e., **on 4 May 2019**, they have to pay Rs. **400** to ote Centre that they would be attending, to defray of organising the workshop, lunch, and coffee/tea. ote that the registration fee once paid is neither ple nor adjustable under any circumstances.

#### should attend?

As this workshop is not subject-specific, teaching faculty from all domains (engineering, sciences), and polytechnic colleges, and PGT of schools, can attend. Teachers registered in a Masters or a PhD programme, during their employment as a teacher, can also participate.

#### 7. Criteria for issuing Certificates

**E-certificate** will be provided to the participants after successful completion of the workshop and filling up the feedback form.

# 8. Duration and Venue

The workshop will be conducted on Saturday, **4 May 2019 from 9.30 AM to 6.00 PM** at Remote Centres of IIT Bombay. This workshop will be conducted through a blended mode, using both live video conferencing facility (A-VIEW) and hands-on sessions using Spoken Tutorials. A detailed workshop schedule will be available soon.

#### 9. How to apply?

Enrollment will be strictly online, and no other mode of application will be entertained. **The last date of registration is 30 April 2019, 12.30 pm.** The URL for registration is: <u>http://www.it.iitb.ac.in/nmeict/announcements.html</u>

#### **Register on the Spoken Tutorial Website:**

- 1. Before the workshop, participants should register on <u>https://spoken-tutorial.org/</u>
- 2. Fill up the registration form and submit.
- 3. An email will be received.
- 4. The account should be activated by clicking the link in the email.
- 5. The Username and Password should be noted. This is an extremely important step.
- 6. One needs the above information to post questions on the forum, which will be explained at the time of the workshop.

#### Note

- Neither IIT Bombay nor the Remote Centre will bear the travel expense of the participating representatives. There shall also be no accommodation provided to the participants.
- All participants are required to bring **ear phones**, as they will have to listen to video tutorials. Without ear phones, the workshop will not at all be effective.
- Computers to practise Spoken Tutorials and to do Scilab programming will be available at the Remote Centres. But if they wish, participants can bring their own laptops with Scilab installed.

# 10. Prerequisite for the Scilab Workshop

You must see the four short videos given by Prof. Kannan Moudgalya about Scilab and its benefits.

Click **here** to watch on Youtube.

Click **<u>here</u>** to download the videos. It is mandatory to see all the given videos before the workshop.

#### **Course Coordinator**

#### 1. Introduction

IIT Bombay has conducted many large-scale teacher training workshops under the Train 10,000 Teachers (T10KT) programme, sponsored by the National Mission on Education through ICT (NMEICT), MHRD, Govt. of India, and trained over 2,00,000 teachers.

Another successful technology developed at IIT Bombay is Spoken Tutorial, using which about 50 lakh students have been trained on various ICT topics. The effectiveness of this method can be seen from the testimonials available here: https://spoken-tutorial.org/testimonials/media. The Spoken Tutorial project is also implemented successfully at IIT Bombay, with funding from NMEICT, MHRD.

It is now proposed to offer the highly effective Spoken Tutorial based ICT training to a large number of teachers, across the country, through the T10KT methodology, with Scilab training being taken up next.

Scilab is a Free/Libre and Open Source Software (FLOSS), created mainly for numerical computations. It uses the state of the art numerical libraries, such as LINPACK, EISPACK and LAPACK, and hence, its results are highly reliable. Scilab implements the user friendly language, similar to the one used in the popular software Matlab. But unlike Matlab, Scilab can be freely downloaded, freely copied, freely modified and also freely distributed. Naturally, Scilab can be used absolutely free of cost, unlike Matlab, which can be extremely expensive, especially to the industry. Scilab comes with a graphical programming interface Xcos, which is similar to Simulink. A good knowledge of Scilab will help improve the employment potential of your students.

The FOSSEE (Free/Libre and Open Source Software for Education) project at IIT Bombay ((https://fossee.in) has been promoting Scilab, and other FLOSS software, such as Python, OpenFOAM, eSim, Osdag, OpenModelica, DWSIM & R, and Open Source hardware, such as Arduino and OpenPLC. FOSSEE is also funded by NMEICT, MHRD. Government of India has mandated the use of open source software.

The Scilab workshop is organised by the Teaching Learning Centre (TLC) at IIT Bombay, funded by the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT), MHRD, Govt. of India. As Spoken Tutorial method offers hands on practice, with 100% active learning, those who undergo this training will be able

to start using Scilab immediately after the workshop. They will also be able to conduct Scilab workshops for their students, using Spoken Tutorials, on their own, without requiring any help from anyone else.

The one day Scilab workshop will be conducted on Saturday, 4 May 2019, through Remote Centres of IIT Bombay. The medium of instruction for this workshop is English. Language dubbed Spoken Tutorials in Hindi and a few other languages will also be available.

#### 2. Methodology of the Workshop

It will be a one day workshop, on 4 May 2019. All participants will have to go to their chosen Remote Centre. They will learn Scilab through Spoken Tutorials, with help from Coordinators, already trained for this purpose at IIT Bombay. As the learning will happen only through carefully designed Spoken Tutorials designed and developed at IIT Bombay, the quality of learning will be very high. All the participants, from all the Remote Centres, will be able to interact with the Scilab team at IIT Bombay, ask them questions, etc., through the video conferencing software A-VIEW. There will be about 4 hours available for Scilab training and 2 hours for interactions.

#### 3. Outline of the workshop

The workshop will have two parts:

(a) About 3.5 hours will be used in Learning Scilab from Spoken Tutorials.

(b) About 30 minutes will be used to learn about the excellent Scilab content, developed by FOSSEE.

# 3(a). Learning Scilab from Spoken Tutorials

Depending on the level of the user, one can learn any/all of the topics mentioned below. If one cannot complete all the topics, one can complete them later on, through self-learning, as all required Spoken Tutorials are freely available.

Basic level: Getting started with Scilab, Vector Operations, Matrix Operations, Conditional branching, Iterations, Scripts and Functions, Plotting 2D graphs, Introduction to Xcos.

Intermediate level: File handling, User defined input ed output, Integration, Solving non-linear equations, Linear equations - Gaussian methods, Linear equations -Iterative Methods, Interpolation, ODE Euler methods, and **ODE** Applications.

Advanced level: Optimization Using Karmarkar Function, Digital Signal Processing, Control systems, Discrete systems, Calling User Defined Functions in XCOS, and Simulating a PID controller using XCOS.

#### 3(b). Useful Scilab content developed by FOSSEE

A major problem with open source software is the lack of documentation. A solution to this problem is the Textbook Companion (TBC). A Scilab TBC is a collection of Scilab code for all solved examples of standard textbooks. The FOSSEE team has coordinated the creation of Scilab TBC for 600 books in science and engineering, all branches, with Scilab code for about 75,000 examples. Such a large collection is not available for any other software, including commercial ones. Students and faculty from various parts of the country have created this collection. FOSSEE provides a handsome honorarium to any one who creates TBC.

One may use the Scilab TBC (1) to understand the steps of examples (2) to do what if studies by changing parameters (3) to locate the syntax for a command and (4) to locate all examples that use a particular command, and so on. Scilab TBC are available at https://scilab.in/Completed Books, absolutely free of cost. Scilab TBC is also hosted on the cloud.

The FOSSEE Team also helps colleges migrate their labs to Scilab. This allows colleges that cannot afford Matlab to run their labs with Scilab. Codes of migrated labs are available at https://scilab.in/lab\_migration/completed labs.

The FOSSEE Team has also developed a few useful toolboxes, available at https://scilab.in/fossee-scilab-toolbox. We invite talented people to join us in improving these toolboxes and to develop new toolboxes. We have also created a cloud version of Xcos and 130 Xcos examples that can run on this cloud. Depending on the time available, one can try out all of the above.

#### Who should attend?

As this workshop is not subject-specific, teaching faculty from all domains (engineering, sciences, commerce, art, management, medicine, law, etc.) and also from polytechnic colleges and schools, can attend. Teachers registered in a Masters or a PhD programme, during their employment as a teacher, can also participate.

#### **Criteria for issuing Certificates**

**E-certificate** will be provided to the participants after successful completion of the workshop and filling up the feedback form.

#### **Duration and Venue**

The workshop will be conducted on Friday, 15 March 2019 from 9.30 AM to 6.00 PM at 106 Remote Centres of IIT Bombay. This workshop will be conducted through a blended mode, using both live video conferencing facility (A-VIEW) and hands-on sessions using Spoken Tutorials. A detailed workshop schedule will be available soon.

#### How to apply?

Enrollment will be strictly online, and no other mode of application will be entertained. The last date of registration is 14 March 2019, 12.30 pm. The URL for registration is: http://www.it.iitb.ac.in/nmeict/announcements.html

#### **Register on the Spoken Tutorial Website:**

1. Before the workshop, participants should register on https://spoken-tutorial.org/

2. Fill up the registration form and submit.

3. An email will be received.

4. The account should be activated by clicking the link in the email.

5. The Username and Password should be noted. This is an extremely important step. One needs this information to post questions on the forum, which will be explained at the time of the workshop.

#### Note

- Neither IIT Bombay nor the Remote Centre will bear the travel expense of the participating representatives. There shall also be no accommodation provided to the participants.
- All participants are required to bring **ear phones**, as they will have to listen to video tutorials. Without ear phones, the workshop will not at all be effective.
- As this workshop is mainly hands-on, it is mandatory for all System Administrators to bring a laptop and ear phone when they come to the workshop. System administrators will be required to install Moodle software on their machines during the workshop.
- All system administrators will also be required to download the Moodle software before they come to the workshop. Instructions for this will be mailed separately.

#### Introduction

IIT Bombay has conducted many large-scale teacher training workshops under the Train 10,000 Teachers (T10KT) programme, sponsored by the National Mission on Education through ICT (NMEICT), MHRD, Govt. of India, and trained over 2,00,000 teachers.

Another successful technology developed at IIT Bombay is Spoken Tutorial, using which about 50 lakh students have been trained on various ICT topics. The effectiveness of this method can be seen from the testimonials available here: <u>https://spoken-tutorial.org/testimonials/media/?foss=70</u>. The Spoken Tutorial project is also implemented successfully at IIT Bombay, with funding from NMEICT, MHRD.

It is now proposed to offer the highly effective Spoken Tutorial based ICT training to a large number of teachers, across the country, through the T10KT methodology, with **Moodle** training being taken up next. Moodle is a popular Free/Libre and Open Source 'Learning Management System' (LMS). Moodle is extremely useful to teachers to organise their course, interact with students through forums, organise quiz, do the grading, etc. It is very useful to teachers at all levels: from schools to colleges. It is also available free of cost.

The Moodle workshop is organised by the Teaching Learning Centre (ICT) at IIT Bombay, under the scheme of the 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching' (**PMMMNMTT**), MHRD, Govt. of India. As Spoken Tutorial method offers hands on practice, with 100% active learning, teachers who undergo this training will be able to start using Moodle immediately after the workshop.

The one day Moodle workshop will be conducted on **Friday, 15 March 2019,** through 106 Remote Centres of T10KT.

This training will be provided to two kinds of participants:

- Teachers: They will be given training on how to use Moodle and to create and deliver courses online to their students. More details of this are given in the topic list.
- II. System administrators: They will be given training on Moodle installation, and how to configure and set-up Moodle.

#### Methodology of the Workshop

It will be a one day workshop, on 15 March 2019. All participants will have to go to their chosen Remote Centre. They will learn Moodle through Spoken Tutorials, with help from Coordinators, already trained for this purpose at IIT Bombay. As the learning will happen only through carefully designed Spoken Tutorials at IIT Bombay, the quality of learning will be very high. All the participants, from all the Remote Centres, will be able to interact with the Moodle team at IIT Bombay, ask them questions, etc., through the video conferencing software A-VIEW. There will be about 4 hours available for Moodle training and 2 hours for interactions.

#### **Teaching faculty:**

**Prof. Kannan Moudgalya**, Principal Investigator, TLC (ICT), and Spoken Tutorial projects, IIT Bombay

Ms. Nancy Varkey, Spoken Tutorial Project, IIT Bombay

Ms. Nirmala Venkat, Spoken Tutorial Project, IIT Bombay

#### **Course content**

**Moodle** is a learning management system (LMS in short) which helps teachers and educators create online courses for adaptive and customized learning. Developed in 2002, it is a free/libre and open source software and is being used by many small and large institutions to create and deliver courses online to their students.

Moodle has many built-in features ranging from the basics such as file upload, assignments, quizzes, notifications and advanced features such as forums, quizzes, wiki, etc. that can be used by learners. It also has many easy-to-install plug-ins such as attendance, reminders, analytics, etc., to supplement these features.

Following topics will be covered for **System** Administrators in this workshop:

- Getting ready for Moodle Installation
- Installing Moodle on Local Server
- Admin Dashboard
- Blocks in Admin Dashboard
- Categories in Moodle
- Courses in Moodle
- Users in Moodle
- User Roles in Moodle

Following topics will be covered for **Teachers** in this workshop:

- Teachers Dashboard in Moodle
- Course Administration in Moodle
- Formatting Course material in Moodle
- Uploading and Editing resources in Moodle
- Forums and Assignments in Moodle
- Question bank in Moodle
- Quiz in Moodle
- Enroll Students and Communicate in Moodle

Please note that the medium of instruction for this workshop is English. Language dubbed Spoken Tutorials in Hindi and a few other languages will also be available.

#### **Course Fee**

Every participant (both Teachers and the System Administrators) has to pay Rs. 100 as the course fee to IIT Bombay at the time of online registration. On the day of the workshop, i.e., on 15 March 2019, they have to pay Rs. 400 to the Remote Centre that they would be attending, to defray the cost of organising the workshop, lunch, and coffee/tea.

Please note that the registration fee once paid is neither refundable nor adjustable under any circumstances.

6 March 2019

Dear Sir/Madam,

Greetings from IIT Bombay!

We are glad to announce that we are in the process of organising a one day workshop for **Teachers and System administrators** under the Teaching Learning Centre (ICT) at IIT Bombay, a scheme of 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching' (PMMMNMTT), an initiative of the Ministry of Human Resource Development, Government of India.

Details of this programme are given below:

Workshop Name: Moodle Learning Management System

Who should attend? : Teachers and System administrators/Technical persons

Date and venue: Friday, 15 March 2019, 106 remote centres

#### How the workshop will be conducted:

The workshop will be conducted at various remote centres in the country on Friday, 15 March 2019 from 9.30 AM to 6.00 PM. This will be conducted through a blended mode, using both live video conferencing facility (A-VIEW) and hands-on sessions at remote centres using Spoken Tutorials. The effectiveness of the Spoken Tutorials based training can be seen from the testimonials available at <u>https://spoken-tutorial.org/testimonials/media/?foss=70</u>. There will be interactions through A-VIEW at the beginning. After that, all participants at remote centre (RC) will learn Moodle using Spoken Tutorials. In the evening, IIT Bombay shall connect through A-VIEW again, carry out discussions and end the programme. There will be about 4 hours available for Moodle training and 2 hours for interactions, a detailed schedule of which will be sent later to you.

The participants of the workshop will pay Rs. 100 as a course fee to IIT Bombay, and Rs. 400 to the RC directly, from which, RC will have to provide lunch and tea/snacks. The balance amount may be kept as a partial compensation for the use of RC infrastructure.

#### Procedure to participate in the Workshop:

To participate in this workshop, please login to the website (https://www.it.iitb.ac.in/nmeict/). Please also ask your Teachers and System Administrators to register on our website between 2 March and 14 March 2019, 12.30 pm. The registration website is here: <u>https://www.it.iitb.ac.in/nmeict</u>

I request you to kindly circulate this email to your nearby colleges/schools and the educational institutions.

We look forward to your enthusiastic participation in this initiative.

Regards,

Kans Moralto

13 Feb 2019

Dear Library Administrator,

Greetings from IIT Bombay.

I am writing this letter to invite (1) your librarian and (2) your system administrator to attend a one day Koha workshop. This workshop will be conducted by IIT Bombay, through a remote centre at a location near you.

Koha is a state of the art library management software. It is open source software and hence one can use it free of cost. Koha allows total customization and complete control of library data at a fraction of the cost of a proprietary system.

Koha training is generally provided over a period of a few days at an expense of several thousand rupees. We offer the same training in one day at a cost of Rs. 500, using the award winning Spoken Tutorial methodology.

Participants will learn 'Koha' by listening to Spoken Tutorial and practising them on live 'Koha' software, at a Remote Centre conveniently located. There will be live interactions between the participants at the Remote Centres and Koha experts at IIT Bombay or IGNOU or both.

More details of the workshop are available here: http://www.it.iitb.ac.in/nmeict/announcements.html

Interested participants can register themselves by visiting the above website. The last date for registration is 5 March 2019.

This workshop is organised under the aegis of the National Virtual Library of India, funded by the Ministry of Culture.

We look forward to your enthusiastic participation in the Koha workshop.

Regards,

Kan toulen

Prof. Kannan Moudgalya Principal investigator, NVLI Project

**System Administrator** who will be making the lab ready for the 9 March Librarian workshop must ensure that all the lab machines have:

- **64-bit** operating system
- i3 processor or higher
- RAM 4GB or higher
- Hard disk free space 50GB or more and
- **Virtualization** enabled on **BIOS** to ensure that the **VirtualBox** will work smoothly.

In case the **base machine** has **Windows OS**, then it should be any one of the following versions:

- Windows 7
- · Windows 8 or
- Windows 10

Pls do not use Windows XP machines.

In case the **base machine** has **Ubuntu Linux OS**, then it should be any one of the following versions:

- Ubuntu Linux 16.04 or
- Ubuntu Linux 18.04

Pls do not use Ubuntu Linux 14.04 or lesser machines.

For smooth running of the Librarians workshop, the Sys-Ad should do the following at the respective RCs.

#### STEP 1

ST team has made available all the content required for the **Koha workshop on** 9 March **2019** on this link.

http://www.spoken-tutorial.iitb.ac.in/koha/

Inside this link is a zip file. The name is self-explanatory. Pls download this zip file. The **Koha set** will have 24 Koha spoken tutorials.

- Tutorials 5 to 24 are meant for the Librarians workshop.
  - Tutorial 5 to tutorial 20 should be done on Linux machines.
  - Tutorial 21 to tutorial 23 should be done on Windows machines.
  - Tutorial 24 should be done on Linux machines.

#### STEP 2

- 1. Download the CD content for Koha.
- 2. Unzip the content.
- 3. You will get a folder named **spoken**.
- 4. Open the folder and locate the file index.html
- 5. Right-click and choose Open with Firefox or Google Chrome option.
- 6. The file will open in the web browser window in offline mode.
- 7. It will display 2 drop-downs on the top.
- 8. In Select FOSS Category drop-down, choose Koha.

- 9. In **Select Language** drop-down, choose **English** or **Hindi**, as per your preference.
- 10.Now click on **Submit** button.
- 11.A list of topics is displayed.

Librarian has to begin with the 5<sup>th</sup> tutorial.

#### STEP 3

For the Librarians workshop, the system administrator should download the following on their lab machines in Windows OS:

- 1. Visit <u>https://marcedit.reeset.net/</u> and download the executable file on your machine.
- 2. Copy of the Code File (testdata.xls) to be used for Excel to MARC conversion from this link https://spoken-tutorial.org/watch/Koha%2BLibrary%2BManagement%2BSystem/Convert %2BExcel%2Bto%2BMARC/English/

Instruction Sheet for Koha Library Management System Spoken Tutorial Team IIT Bombay

#### 1 Online / Offline content

1. The online content of Spoken Tutorials can be accessed from :

http://spoken-tutorial.org/tutorial-search/

- You can also download the Spoken Tutorials for offline learning from : http://spoken-tutorial.org/cdcontent/
- 3. From this link download the FOSS categories in the language you wish to learn.
- 4. The Spoken Tutorial content will be downloaded as a zip file on your machine.
- 5. Extract the contents of the zip file & access them.
- 6. Read the README.txt file and do as instructed.

#### 2 The procedure to practise

- 1. You have been given a set of spoken tutorials and files.
- 2. You will typically do one tutorial at a time.
- 3. You may listen to a spoken tutorial and reproduce all the steps shown in the video.
- 4. If you find it difficult to do the above, you may consider listening to the *whole* tutorial once and then practise during the second hearing.

#### 3 Koha

- Click on "Select FOSS" or "All FOSS Categories" drop-down and choose "Koha".
- 2. Click on "Select Language" or "All Languages" drop-down and choose the language (English, Hindi, Marathi ...) in which you wish to learn.
- 3. Click on "Submit" button.
- 4. You will see a list of tutorials based on your selection.

#### R.V.R. & J.C. COLLEGE OF ENGINEERING

(Autonomous) (Approved by AICTE :: Accredited by NBA) (Accredited by NAAC with A Grade) (Sponsored by Nagarjuna Education Society) Chowdavaram, Chandramoulipuram, GUNTUR – 522019 A.P., INDIA. Phone: 94901073317, 18 www.rvrjcce.ac.in

#### About The College

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli (RVR & JC) College of Engineering was promoted by the renowned Nagarjuna Education Society (1967) in the year 1985. The College drew its initial impetus from Peoples Representatives, local doctors, charitable trusts and commercial houses of Guntur District. The promoters of the College have pursued their mission with such a zeal and understanding that the College had over taken the older colleges quantitatively and qualitatively. Training the students beyond the defined borders of the curriculum is a basic emphasis, the college dearly practices. The college periodically tested its own standards and standing among the fraternity of colleges, securing Accreditation from National Board of Accreditation, AICTE in 1998, 2002, 2007, 2012 & 2017. Today it is a most sought after institution offering 7 B. Tech. Degree Courses, 6 M.Tech courses in Engineering, MCA & MBA. The institute was conferred Autonomous status by UGC, New Delhi from the Academic Year 2012-13 and Accredited by NAAC,UGC with 'A' grade.

#### About the Department

The department of Electrical & Electronics Engineering came into existence in 1994. It was started with an intake of 60 students which was subsequently raised to 180 over a period of time. It has a strong administration, infrastructure and dedicated team of Faculty. The department is keeping pace with the fast changing technology of Electrical & Electronics Engineering in terms of its teaching program and laboratory activities. In addition to core electrical subjects, software based subjects are also included in the syllabus which makes this course suitable for core Electrical & Electronics Engineering and many IT industries. Department was accredited Four times by National Board of Accreditation (NBA) in the years 2002, 2007, 2012 and 2017 with good grades. The department is presently offering 4-year B. Tech degree programme in Electrical & Electronics Engineering and 2-year M.Tech degree programme in Power Systems Engineering.

#### Course Objective

The objective of this workshop is to bring the Industry & Academia together to discuss & share the knowledge on Emerging Technologies & Practices in the field of Electrical Power System Protection, Operation & Control. Main focus is on Power System Protection, Load Forecasting, Energy Audit, and Electricity Regulations, ERP & IT Initiatives in Power Systems and Data Analytics in Power & Energy Sector. Policy preferences in favor of renewable energy that would accelerate this process shall also be discussed. The workshop would be largely addressed by researchers and professionals in the field and shall be tailor made for utilities, industries, students and users of electricity.

#### Topics to be Covered

- > Trends, Developments, Future Protective Relaying and Communication
- Load Forecasting
- Energy Audit
- ► Electricity Regulations
- ► Role of ERP and IT Initiatives in Power Sector
- Need of Business Intelligence & Data Analytics in Power & Energy Sector

#### Resource Persons

Resource persons are drawn from APTANSCO, APGENCO and Industry.

Sri B.A. Mohana Rao, Director,

HR & Projects, APGENCO

Sri P.Gopala Krishna, Dty.Executive Engineer,

## Workshop on "Industry practices In Power System Engineering"

EEE Department organized National Level Two day workshop on 'Industry Practices in Power System Engineering' during 30 Nov - 01 Dec 2018. The resource persons are Mr. B.A.Mohana Rao, Director (HR & Projects), Mr. T V.V.Siva Rama Kumar, Deputy Executive Engineer,Simulator TI from APGENCO, Vijayawada, Mr.P.Gopala Krishna, Asst. Divisional Engineer, Mr.S.Apparao,Executive Engineer,SAP & IT Applications,Mr.K.S.Kameswara Dev, Executive Engineer (ERP), Mr. T. Sreemannarayana Murthy, Assistant Divisional Engineer, from APTRANSCO, Vijayawada. This workshop aimed to share the practical knowledge of the industry with the faculty and PG students. The focus was on Power system protection, Load forecasting, Energy Audit, Electricity Regulations, ERP & IT Initiatives in Power systems and Data Analytics in Power & Energy Sectors. Policy preferences, in favour of renewable energy that would accelerate this process is also discussed. 78 delegates from various engineering college, participated in the workshop.

### DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Dt: 27.10.2018

### NOTE SUBMITTED TO THE PRINCIPAL:

Sir,

Sub: Training program on Office 365 - Reg.

\* \* \*

This is to bring to your kind notice that, our college is having Microsoft Development Network Academic License. This license includes Office 365, Intune Open Shared Server. A two day training program was planned for staff members on Microsoft Office 365 by M/s. Digital World, Vijayawada. I request you to permit us to conduct the training program on 30/10/2018 & 31/10/2018 In E-learning Centre, Cyber Block and kindly sanction snacks and tea for the participants during the training program.

Duration and Venue

#### NMEICT | Empowerment of Students & Teachers through Synchronous and Asynchronous Instruction

#### This Two-week FDP consists of two components as follows:

1. Online work by individual participants: Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week, with an online test every week. Each participant has to spend 6 to 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 5 calendar weeks: From Wednesday, 13 Sept. 2018 till 18 Oct. 2018.

2. Face-to-Face interaction: Participants will have to physically attend these sessions at their chosen or designated Remote Centres (RCs), established across the country by IIT Bombay. Focused interactive sessions with the participating teachers, will be conducted by the faculty from IIT Bombay. The discussions and local tutorial sessions will be moderated by the Course Coordinators appointed at each RC. This activity will be conducted on the weekends of 06, 07 Oct 2018.

#### Criteria for Certification

IIT Bombay will award certificates only to those participants who successfully complete prescribed online tests with minimum 50% aggregate score, and meaningfully participate in face-to-face sessions. AICTE has recognized this as a Two-week FDP.

All the participants who successfully complete the FDP101x course will be auto enrolled to FDP201x course from our end.

The registration for FDP201x -"Pedagogy for Online and Blended Teaching - Learning Process" will be limited to participants, who successfully complete the FDP101x.

### Course Fee

Participating teachers will have to pay an online fee of Rs.850/- to IIT Bombay. Additionally, they will have to pay a fee of Rs 1000/- to their respective remote centres. Participants who had attended previous FDPs, but were unable to complete can request the Remote Centre for a waiver in payment. However the final decision on the application will be that of the remote centre.

For food and stay, the participant will have to bear extra charges as per the rates advertised by the center. This is optional for the participants; only if they wish to avail the facility. The participation fee is mandatory and non-refundable.

### How to Apply

If you wish to attend this course, you should register online. The online registration commences from Thursday 30 August 2018. The last date of online registration is Wednesday 12 September 2018. The URL for registration is <u>http://www.it.iitb.ac.in/nmeict/announcements.html</u>

### Note

This FDP is conducted under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching. Live recording of the course and other created content will be released under Open Source, through a portal. All participants are required to accept a No Objection clause for such release of content contributed by them during and after the FDP. All contributors will be acknowledged. Since the content is released under Creative Commons, participants have to ensure that they provide accurate citations. All the content generated will undergo check for plagiarism and plagiarism detected will lead to cancellation of registration and serious disciplinary actions.

|             | Who Should Attend  |
|             | As this FDP is not subject-specific, teaching faculty from any domain, including faculty from management, polytechnics, science, arts and commerce can participate. Teachers registered in a Masters or a PhD program, during their employment as a teacher, can also participate. Additionally participants should have basic familiarity with computer.<br>Participants, who have not certified in the earlier FDPs (2016, 2017 and 2018), are eligible to |
|             | participate in the FDP.  |
|             |  |

Duration and Venue

#### NMEICT | Empowerment of Students & Teachers through Synchronous and Asynchronous Instruction

#### This Two-week FDP consists of two components as follows:

1. Online work by individual participants: Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week, with an online test every week. Each participant has to spend 6 to 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 5 calendar weeks: From Wednesday, 13 Sept. 2018 till 18 Oct. 2018.

2. Face-to-Face interaction: Participants will have to physically attend these sessions at their chosen or designated Remote Centres (RCs), established across the country by IIT Bombay. Focused interactive sessions with the participating teachers, will be conducted by the faculty from IIT Bombay. The discussions and local tutorial sessions will be moderated by the Course Coordinators appointed at each RC. This activity will be conducted on the weekends of 06, 07 Oct 2018.

#### Criteria for Certification

IIT Bombay will award certificates only to those participants who successfully complete prescribed online tests with minimum 50% aggregate score, and meaningfully participate in face-to-face sessions. AICTE has recognized this as a Two-week FDP.

All the participants who successfully complete the FDP101x course will be auto enrolled to FDP201x course from our end.

The registration for FDP201x -"Pedagogy for Online and Blended Teaching - Learning Process" will be limited to participants, who successfully complete the FDP101x.

### Course Fee

Participating teachers will have to pay an online fee of Rs.850/- to IIT Bombay. Additionally, they will have to pay a fee of Rs 1000/- to their respective remote centres. Participants who had attended previous FDPs, but were unable to complete can request the Remote Centre for a waiver in payment. However the final decision on the application will be that of the remote centre.

For food and stay, the participant will have to bear extra charges as per the rates advertised by the center. This is optional for the participants; only if they wish to avail the facility. The participation fee is mandatory and non-refundable.

### How to Apply

If you wish to attend this course, you should register online. The online registration commences from Thursday 30 August 2018. The last date of online registration is Wednesday 12 September 2018. The URL for registration is <u>http://www.it.iitb.ac.in/nmeict/announcements.html</u>

### Note

This FDP is conducted under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching. Live recording of the course and other created content will be released under Open Source, through a portal. All participants are required to accept a No Objection clause for such release of content contributed by them during and after the FDP. All contributors will be acknowledged. Since the content is released under Creative Commons, participants have to ensure that they provide accurate citations. All the content generated will undergo check for plagiarism and plagiarism detected will lead to cancellation of registration and serious disciplinary actions.

# Two day National Seminar

#### NBC 2016 and Indian Standards:

#### Innovations and Case Studies in Geotechnical Engineering

06 & 07July 2018 (Friday & Saturday)

#### Venue:Silver Jubilee Seminar Hall RVR & JC College of Engineering

#### Organized by

#### Indian Geotechnical Society Guntur Chapter

Dept.of Civil Engineering RVR&JC College of Engineering Chowdavaram, GUNTUR-19, A.P

#### About RVR & JC College of Engineering

R.V.R. & J.C. College of Engineering (Autonomous), Guntur established in 1985 is one of the premier engineering colleges in Andhra Pradesh in the self-financing category. Promoted by Nagarjuna Education Society, this is the most sought after college in the region. The institute offers seven B.Tech. degree programmes, five M. Tech. programmes, MBA and MCA.

R.V.R. & J.C. College of Engineering is one of the few engineering colleges that was accredited five times in 1998, 2002, 2007, 2012 & 2017. The college consistently figured among the top 100 engineering colleges in the country and was awarded the Best Performing Engineering College in the Acharya Nagarjuna University Examination results for the last five consecutive years. The college is accredited 'A' grade by NAAC in 2014.

#### About Dept.of Civil Engg.

The department of Civil Engineering, established in 1985, offers B.Tech programme in Civil Engineering and M.Tech programme in Structural Engineering. The department has well experienced and committed teaching staff and highly skilled and motivated technical staff to provide quality education. Civil Engineering department is accredited and awarded 'A' grade for three consecutive times. The department has well established and state-of- the-art laboratories to cater to the needs of the students.

#### **About IGS-Guntur Chapter**

Inaugurated in the year 2003, IGS Guntur Chapter has been one of the most vibrant chapters of the national professional body. The chapter, which has over 300 members, has organized several conferences, seminars and work-shops, the most significant being IGC-2009.

#### About Bureau of Indian Standards (BIS)

BIS is the National Standard Body of India established under the BIS Act, 1986 for the harmonious development of the activities of standardization, marking and quality certification of goods and for matters connected therewith or incidental thereto. A new Bureau of Indian Standards Act, 2016 which was notified on 22nd March 2016, has been brought into force with effect from 12th October 2017, that reinforces the activities of BIS in respect to standardization and certification of goods, article, process, system and service.

#### About The National Building Code

The National building Code of India (NBC), a comprehensive building Code, is a national instrument providing guidelines for regulating the building construction activities across the country. The Code was first published in 1970 at the instance of the then Planning Commissions and was subsequently revised in 1983 and 2005. The Code has now been revised again as NBC 2016 and formally released on 15<sup>th</sup> March 2017.

#### About the Seminar

Civil Engineering practice is driven by Indian Standards that are developed based on considerable expertise and experience in design and practical aspects. Innovations often also have a place in practice as these lead to unique and interesting solutions which may be replicated at different places and are supplementary to standards. Practice of Geotechnical engineering is no exception and there is a need to examine the standards, innovations and case studies that help in contribution towards continual improvement of practice. This Seminar is intended towards this purpose and experts in different areas of geotechnical engineering will give lectures for dissemination of provisions of NBC 2016 and Indian Standards and also to obtain feedback for standardization in this area. The topics include investigations, foundation design, dams, soil expansive soils, retaining walls, seismic provisions etc.

#### Who should Attend

This seminar is open to practicing engineers from government and private organizations, academicians, contractors, consultants, third and fourth year under graduate students and postgraduate students of Civil Engineering. **Registration Fee**

#### Introduction

The advent of Massive Open Online Courses (or MOOCs) have made quality learning accessible to learner. The administration, aware of the the capability of MOOCs, is encouraging learners to access such MOOCs and is trying to integrate them in the formal curriculum. The challenges of a faculty, especially in higher education sector, now lies in making this integration seamless and effective. This requires them to move from a teacher-centric approach, where the focus is on teacher disseminating knowledge, to a more learner-centric approach where teacher becomes an effective facilitator of information. The Blended MOOCs model created by IIT Bombay, to offer MOOCs, works on local faculty undertaking this facilitators role. However, since MOOCs is a new technology for many faculty, the learning curve required to facilitate courses effectively is high and requires specific training in the process of facilitation.

The two-part Faculty Development Programme (FDP101x and FDP201x) partially addresses this requirement by familiarising faculty participants to both technology and pedagogy of blended and online learning. However, it has been observed that faculty require an additional course on connecting technology, pedagogy and content of the FDP to make the courses more effective. This course on "Mentoring Educators in Educational Technology" (FDP301x) is aimed at addressing this gap. Along with the theoretical perspective of the FDP,

participants will get an opportunity to mentor FDP201x participants in creation of Open Educational Resources.

This course will be offered in Blended Format starting from **May 17, 2018 till June 27, 2018 with six office hours**. To participate in this course, it is essential that you complete both FDP101x and FDP201x.

#### Learning Objectives for the Course

After successful completion of the course, participants will be able to:

- Describe the technology, pedagogy and content knowledge involved in FDPs.
- ii. Make use of best practices for mentoring learners in the FDP.
- Reflect on individual mentoring practice.

#### **Teaching Faculty**

Prof. Sridhar Iyer, IDP in Educational Technology
Prof.Sahana Murthy, IDP in Educational Technology
Dr. Sameer Sahasrabudhe, Dept of CSE
Dr. Jayakrishnan M, Dept. of CSE

#### **Course Content**

#### Module 1: Technology, Pedagogy and Content Knowledge in FDP

- Overview of FDPs
- TPACK in FDP

#### Module 2: Effective Mentoring Practices

- Learning Community Model
- Best practices in mentoring
- Practicum for Mentoring

#### Module 3: Reflection on Practice

- Eliciting Reflection-on-Practice
- Reflection informing Practice

#### **Criteria for Certification**

IIT Bombay will award certificates only to those participants who:

- Successfully complete prescribed online tests with minimum 50% aggregate score,
- Meaningfully interact with all mentees (for a minimum of two hours) and
- 3. Submit the reflection-on-practice document.

**Note 1:** This FDP is conducted under the aegis of PMMMNMTT. Live recording of the course and other created content will be released under Open Source, through a portal. All participants are required to sign a No Objection Certificate for such release of content contributed by them during and after the FDP. All contributors will be acknowledged.

**Note 2:** Since the contents are being released under Creative Commons, participants have to ensure that they provide accurate citations. All the content generated will undergo check for plagiarism and plagiarism detected will lead to cancellation of registration and serious disciplinary actions.

#### Who Should Attend

This course provides essential skills of mentorship for the course and remote centre coordinators of various IITBombayX blended offering. All faculty participants who have completed FDP101x and FDP201x, interested in becoming future course coordinators or mentors in the FDP programmes need to attend and qualify in this course.

The learner should be working as a full-time/part-time faculty in a higher educational institution to be eligible for participation.

#### **Duration and Venue**

This Two-week FDP consists of three components as follows:

1. **Online work by individual participants:** Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week. Each participant has to spend 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 6 calendar weeks: From 17 May to 27 June 2018.

**2. Office hours with instructors:** Participants will have to virtually attend these sessions through A-VIEW or access the YouTube live streaming to clarify their doubts with course instructors. It is recommended that participants from a single location assemble together at one place for the interaction using A-VIEW as the software has the facility to log your questions and comments. The office hours are scheduled from 2:00 PM to 4:00 PM on Thursdays and Fridays for the first three weeks (17 & 18 May, 24 & 25 May, 31 May & 1 June).

**3.** Interaction with Mentees: Participants also have to make two mandatory interactions with mentees assigned to them. These mentees will be creating an Open Educational Resource (OER) over a period of two weeks and the purpose of the interaction is to help the mentees in creating effective OERs.

#### **Course Fee**

Participants have to pay a fee of Rs 1700/- online, when they register through the online interface. Note: Please ensure that you completely understand the requirements for this course. The payment, once made, is non-refundable.

#### Accommodation: Not Applicable

#### How to Apply

To participate in the FDP301x, you need to have an invitation email from eoutreach team, IIT Bombay. For the initial offering, we have limited the invitation link to those participants who have successfully completed FDP101x and FDP201x with a grade more than 80%. In the future offerings, we are planning to include more candidates who have completed FDP101x and FDP201x.

If you wish to attend this course, you should register online. The online registration has started from Wednesday 25 April 2018. The last date of online registration is Thursday 10 May 2018. The URL for registration is

#### Who Should Attend

This course provides essential skills of mentorship for the course and remote centre coordinators of various IITBombayX blended offering. All faculty participants who have completed FDP101x and FDP201x, interested in becoming future course coordinators or mentors in the FDP programmes need to attend and qualify in this course.

The learner should be working as a full-time/part-time faculty in a higher educational institution to be eligible for participation.

#### Duration and Venue

This Two-week FDP consists of three components as follows:

**1. Online work by individual participants:** Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week. Each participant has to spend 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 6 calendar weeks: From 17 May to 27 June 2018.

**2. Office hours with instructors:** Participants will have to virtually attend these sessions through A-VIEW or access the YouTube live streaming to clarify their doubts with course instructors. It is recommended that participants from a single location assemble together at one place for the interaction using A-VIEW as the software has the facility to log your questions and comments. The office hours are scheduled from 2:00 PM to 4:00 PM on Thursdays and Fridays for the first three weeks (17 & 18 May, 24 & 25 May, 31 May & 1 June).

**3. Interaction with Mentees:** Participants also have to make two mandatory interactions with mentees assigned to them. These mentees will be creating an Open Educational Resource (OER) over a period of two weeks and the purpose of the interaction is to help the mentees in creating effective OERs.

#### Criteria for Certification

IIT Bombay will award certificates only to those participants who:

- 1. Successfully complete prescribed online tests with minimum 50% aggregate score
- 2. Meaningfully interact with all mentees (for a minimum of two hours) and
- 3. Submit the reflection-on-practice document (for a minimum of two hours) and

**Note 1:** This FDP is conducted under the aegis of PMMMNMTT. Live recording of the course and other created content will be released under Open Source, through a portal. All participants are required to sign a No Objection Certificate for such release of content contributed by them during and after the FDP. All contributors will be acknowledged.

**Note 2:** Since the contents are being released under Creative Commons, participants have to ensure that they provide accurate citations. All the content generated will undergo check for plagiarism and plagiarism detected will lead to cancellation of registration and serious disciplinary actions.

To The Principal,

Sub: Update on the Student training program on English Communication skills project

Ref: APSCHE-British Council Pilot on English Communication skills targeted at training of 2500 students and 1,00,000 students

Respected Principal,

Greetings

Thank you for participating in APSCHE-British Council English skills project. We appreciate your efforts in making the pilot project a success. Please find the following points which you are requested to take a note of

- Due to the request from colleges, the Last date for OPT (Online Placement Test) has been extended till October 13, 2017. The colleges should finish the OPT exam for all the 3<sup>rd</sup> year engineering students and 1<sup>st</sup>&2<sup>nd</sup> year MBA/MCA students by this date.Please note that there will not be any further extension for the OPT.
- Once the OPT for all the students are completed, the results of the students along with their levels will be shared.
- 3. The colleges are advised to start the student training upon the completion of OPT exam by all the students enrolled. Institutes have each hour allotted for Library, Personality development, Seminars and tutorials which can be considered as possible slots for English Communication skills training program. We request you to make the necessary changes in timetable and consider scheduling at least 4 hours ofF2F training per week.
- The LES training (online training) and F2F(face to face) training will commence from 23<sup>rd</sup> October, 2017.
- For online content, institute may open labs for students to login and access online content.

We look forward to your continued cooperation

Yours Sincerely SECRETAR

Sub: Incentive Model for Nodal Officers and Teachers under consideration

Ref: APSCHE-British Council Pilot on English Communication Skills targeted at training of 2,500 Teachers and 1,00,000 Students

Respected Sir/Madam,

#### Greetings!

We thank you and your team for the continuous support in the implementation of the students training program. APSCHE is currently working on an incentive model to acknowledge the work undertaken by the Nodal Officer and Teachers of all participating institutions. In this regard, we request you to share with us the below mentioned data by **29.01.2018**.

111

- 1. Time Table for the Student Training Program
- Batch Representatives (One Student per Batch If 5 batches, then 5 Student Representatives)
- 3. Number of Teachers Trained
- 4. Number of Teachers Cascading the Program
- 5. Names of Teachers Cascading the Program (Note: Only teachers who are cascading the training will be eligible for the incentives)
- Name of the Nodal Officer with Mobile Number and Email ID (Since, some of the institutes had requested for a change in Nodal Officer)

You may visit

https://docs.google.com/forms/d/e/1FAlpQLScCCvTYxk12hEDSJOKAJy Sx- CtAwaBogTT-10V87A-OrVPg/viewform?c=0&w=1 to submit your response.

In addition to the above, all the nodal officers and teachers are directed to ensure that all the participating students access and complete the online LES course and to facilitate the face to face training.

Further, also note that all the above-mentioned data should be submitted to APSCHE by 29.01.2018 failing which the institute will not be eligible for incentives.

We look forward to your continued support.

Yours Sincerely

#### Who Should Attend

As this FDP is not subject-specific, teaching faculty from any domain, including faculty from management, polytechnics, science, arts and commerce can participate. Teachers registered in a Masters or a PhD program, during their employment as a teacher, can also participate. Additionally, participants should have basic familiarity with computer.

Participants, who have not certified in the earlier FDPs (2016, 2017), are eligible to participate in the FDP.

#### **Duration and Venue**

This Two-week FDP consists of two components as follows:

1. Online work by individual participants: Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week, with an online test every week. Each participant has to spend 6 to 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 5 calendar weeks: From Thursday 08 March to 12 April 2018.

2. Face-to-Face interaction: Participants will have to physically attend these sessions at their chosen or designated Remote Centres (RCs), established across the country by IIT Bombay. Focused interactive sessions with the participating teachers, will be conducted by the faculty from IIT Bombay. The discussions and local tutorial sessions will be moderated by the Course Coordinators appointed at each RC. This activity will be conducted on the weekends of 24, 25 March 2018.

#### **Course Fee**

Participants have to pay a fee of Rs 1000/- to the remote centre This is for availing the benefits of synchronous interactions through A-VIEW. Participants who had attended previous FDPs, but were unable to complete can request the Remote Centre for a waiver in payment. However the final decision on the application will be that of the remote centre.

Accommodation: Not Applicable

#### How to Apply

If you wish to attend this course, you should register online. The online registration has started from **Friday 16 February 2018. The last date of online registration is Saturday 15 March 2018.** The URL for registration is <u>http://www.it.iitb.ac.in/nmeict/announcements.html</u>

The registration for FDP201x - "Pedagogy for Online and Blended Teaching-Learning Process" will be limited to participants, who successfully complete the FDP101x.

### Introduction

Online educational methodology, and flippedclassrooms with associated pedagogy of active learning, have quickly emerged as the mainstay of effective education in this century. However, most of our teachers lack skills and competencies for proper and effective use of ICT in education. It is thus an urgent national requirement that all our teachers, at least those teaching in our professional colleges, are empowered to use technology effectively, to enhance the quality of education.

To meet this requirement, IIT Bombay has specially designed the two-part FDP course, which was initially offered in 2017. The first course under this FDP, with a focus on technology, is titled "Foundation Programme in ICT for Education" and is designed as a Blended MOOC (Massive Open Online Course) – FDP101x. There will be two face-to-face sessions at the Remote Centres. The course will be offered from 8 March 2018 till 12 April 2018.

# Learning Objectives for the Course

After successful completion of the course, participants will be able to:

- i. Identify various ICT devices and applications useful in teaching-learning
- ii. Develop awareness towards ethical practices for use of ICT in education
- iii. Make use of best practices for information dissemination using ICT

# **Teaching Faculty**

# **Criteria for Certification**

IIT Bombay will award certificates only to those participants who successfully complete prescribed online tests with minimum 50% aggregate score, and meaningfully participate in face-to-face sessions. AICTE has recognized this as a Two-week FDP.

**Note 1:** This FDP is conducted under the Pandit Madan Mohan Malviya National Mission on Teachers and Teaching. Live recording of the course and other created content will be released under Open Source, through a portal. All participants are required to accept a No Objection clause for such release of content contributed by them during and after the FDP. All contributors will be acknowledged.

**Note 2:** Since the content is released under Creative Commons, participants have to ensure that they provide accurate citations. All the content generated will undergo check for plagiarism and plagiarism detected will lead to cancellation of registration and serious disciplinary actions.

# About the College

14

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli College of Engineering (A) was established by the renowned Nagarjuna Education Society (1967) in Guntur, in the year 1985. Today, it is the most sought after institution, offering 7 B.Tech. Degree Courses, 6 M.Tech. Courses in Engineering, in addition to MCA and MBA. The college periodically tested its own standards and standing among the fraternity of colleges, securing Accreditation from National Board of Accreditation, AICTE in 1998, 2002, 2007 and 2012. The college is graded as AAA

by 'Careers 360 Magazine' in May, 2013. The A.P. State Council of Higher Education (APSCHE) awarded the second best rating in 'Academic Audit and Grading' in 2004. The college was also accredited by NAAC with A grade in 2014. It also received 'The Best Performing UG College Award' in the university examinations, consecutively for the 6<sup>th</sup> time and won a place among the Top-100 Engineering Colleges in the country.

### About the Department

The Department of Computer Applications started functioning from 1995 and presently offering Masters Degree in Computer Applications with 120 intake. The department has modern laboratories to serve the teaching and research needs of the students and faculty. Substantial computing resources that include high end servers with 130 MNC branded systems and all the necessary licensed software, giving students a diversity of experience in Operating Systems.

### IIT BOMBAY REMOTE CENTRE

This is to inform that the Department of Computer Science & Engineering of IIT Kharagpur is conducting Two-Day Weekend Training Programme Saptahaant Shikshak Prashikshan (SSP) on "Introduction to Machine Learning" during 16th & 17th December, 2017 (Saturday & Sunday) through the remote centers of respective colleges. This program is organized at Remote centre, R.V.R. & J.C. College of Engineering.

The HODs of CSE, IT & CA are requested to encourage interested faculty members to register for the said program through online by using the link http://www.nmeict.iitkgp.ernet.in/sspml.php.

As this programme is planned to organize for both in house and outside college faculty, the concerned HoDs are required to depute the young faculty members who are interested to learn and handle the related subjects as per the following:

| Branch | No. of faculty to be registered |
|--------|---------------------------------|
| CSE    | 6                               |
| IT     | 5                               |
| CA     | 4                               |

In this connection, interested faculty have to pay a fee of Rs.1,000/- by way of cheque, in favour of RVR&JCCE-Remote Centre-IITBombay (Account No: 148310100096651) as per the guidelines of IIT Kharagpur.

For any details, please contact Workshop Coordinator, Dr.Ch.Aparna, Associate Professor, CSE.

## Note submitted to the Principal

This is to inform you that An important initiative has been taken by IIT Kharagpur to conduct weekend faculty development programme named 'Saptahaant Shikshak Prashikshan' (SSP) to facilitate upgradation of knowledge and the teaching skills of the faculty colleagues in specialized technical and science subjects.

Department of Computer Science and Engineering, IIT Kharagpur is conducting a Two day FDP on "Introduction to Machine Learning" in the area of Electronics and Computer Science on 16<sup>th</sup> & 17<sup>th</sup> December 2017(Saturday and Sunday) through the remote centers of respective colleges.

It is proposed to organize this program during the said days in ourIIIB Remote Centre for 40 faculties of in house and outside colleges. As per the information provided by IITK There will be no course fee for this SSP. However, the participants will have to bear the local expenditure at the Remote Centre for providing tea-snacks/lunch and other miscellaneous expenses. For this an amount of Rs. 1000/- (for two days) is to be paid to the Remote Centre Coordinator (as per their guidelines).

As **Dr. Ch. Aparna**, Associate Professor of CSE handled SSP related courses; she may be nominated as **Workshop** Coordinator for said program as per the requirement of IITK.

In this connection it is requested that necessary permission may be given for organizing the said SSP. I am herewith enclosing hard copy of e-Brochure, budget guidelines for your kind perusal.

### Note Submitted to the Principal

With your kind permission, Department of Computer Science and Engineering is organizing a Two day IIT Kharagpur FDP on "Introduction to Machine Learning" in the area of Electronics and Computer Science on 16<sup>th</sup> & 17<sup>th</sup> December 2017(Saturday and Sunday) through the remote centers of respective colleges.

A total of 44 faculty participants were registered for the said programme and it is scheduled from 9.30 AM to 5.30 PM on both days. In this connection, it is requested to pass necessary instructions to the concerned personnel to provide the following facilities for the smooth conduct of the programme.

- 1. Transportation,
- 2. Lunch and Refreshments,
- 3. Uninterrupted power supply,
- 4. Internet with consistent bandwidth,
- 5. Accommodation at Girls' and Boys' hostels (Male : 4 persons and female: 2 persons)
- 6. e-Learning centre with Audio arrangements, and
- 7. Requested to depute Programmer to monitor A-View setup during sessions.

### Dear RC Coordinators,

Greetings from IIT Kharagpur,

An important initiative has been taken by IIT Kharagpur to conduct weekend faculty development programme named 'Saptahaant Shikshak Prashikshan' (SSP) to enhance the teaching skills of the faculty colleagues in specialised technical and science subjects. There will be no course fee for this SSP. However, the participants will have to bear the local expenditure as per the accounts information attached here with. Participating teachers will attend live lectures delivered by IIT Kharagpur faculty at the Remote Centres on a Saturday & Sunday. The lecture transmission and live interaction will take place in distance mode using the A-VIEW technology. Workshop Coordinators will be appointed by the Remote centre coordinators to handle the technology infrastructure for this two-day weekend training programme on "Introduction to Machine Learning" in the area of Electronics and Computer Science.

We will provide the eligibility criteria for selecting the participants soon. Registration of the participants will be completely online from IIT Kharagpur. The accounts information and the eligibility criteria of the Workshop Coordinator for the 1st SSP Workshop is attached herewith.

The certificates will be given by IIT Kharagpur to the confirmed participants .

The dates for the 1st SSP on "Introduction to Machine Learning" are 16.12.2017 (Saturday) and 17.12.2017 (Sunday).

Please select and get ready with a suitable Workshop Coordinator (for this SSP) from your Remote Centre so that he may register as soon as the formal announcement and link is available in our official website.

## Nomination of Workshop Coordinator

Institute of RVR & JC College Of Engineering RC ID (1353) is a remote center of under The NMEICT project and we are willing to conduct Two - Day weekend training programme - Saptahaant Shikshak Prashikshan (SSP) on Introduction to Machine Learning to be held on 16th December and 17th December, 2017.

In this regard, we have nominated Dr.Ch.Aparna, Associate Professor, of Computer Science & Engineering Department, for coordinating the Saptahaant Shikshak Prashikshan (SSP) Introduction to machine learning on 16th December and 17th December , 2017 from IIT Kharagpur. She has been teaching Database Systems and Data Engineering (Machine Learning or any other related subjects) for 10 years.. Her total teaching experience is 14 Years.

I assure you that all the responsibilities given by IIT Kharagpur will be carried out by us diligently and effectively. There will be a regular check of emails by workshop coordinator and she will respond to the emails, queries and requests instantly. We understand that if the coordinator remains absent on any sessions during the SCP, she will be dropped out from the workshop coordinators position.

We are having all the common logistics facilities such as classroom, audio-visual equipment, computer terminal, for participating teachers during the SSP to be held d on 16<sup>th</sup> December and 17<sup>th</sup> December, 2017.

Thanking You,

greecha

### **Course Overview**

As the name suggests, this is an introductory course for Machine Learning. In this course, you will understand the theoretical as well as practical aspects behind the choice and design of a machine learning framework. The course introduces both supervised and unsupervised machine learning framework, and also covers some architectures widely applied in deep learning. The course also covers some of the best practices in machine learning (e.g., bias-variance, generalization, cross-validation).

### **Course Objective**

Participants pursuing this course should be able to:

- 1. Identify real world situations where Machine Learning Techniques are suitable/more efficient than other approaches.
- 2. Formulate the real life problem as an appropriate machine learning problem.
- 3. Understand the inner workings of existing machine learning techniques.
- 4. Understand the principles behind designing new machine learning techniques.

## **Course Modules**

- 1. Introduction
- 2. Supervised learning: spam filtering, classification, user visit prediction, regression, generalization, bias-variance, cross-validation
- Probabilistic models, Gaussian Mixture Models (GMM), Hidden Markov Models (HMM), Maximum likelihood.
- 4. SVM, kernel methods
- 5. Algorithms for training Gradient Descent (GD), Stochastic Gradient Descent (SGD)
- 6. Unsupervised learning clustering, dimensionality reduction
- 7. Boosting, Bagging, Random Forests
- 8. Neural Networks, Backpropagation, RNN, CNN

### **Teaching Faculty**

**Prof. Sourangshu Bhattacharya**, Department of Computer Science and Engineering, **email:** sourangshu@cse.iitkgp.ernet.in

**Prof. Pawan Goyal,** Department of Computer Science and Engineering, IIT Kharagpur, **email:** awang@cse.iitkgp.ernet.in

### Eligibility

1) He / she must be a faculty in the department of Computer Science and Engineering / Information Technology / Electronics Engineering / Electrical Engineering. Persons working in any other engineering disciplines or Science Departments are not eligible.

2) B.E. / B. Tech. or equivalent degree holders in the above mentioned disciplines with minimum teaching experience of 2 years and considerable experience in teaching Machine learning or a related area.

3) M.E / M.Tech degree holders in the above mentioned disciplines with Specializations in Computer Science Engineering / Electronics Engineering / Electrical Engineering with a minimum teaching experience of 1 years teaching in machine learning or a related area.

4) Ph.D degree holders should have a minimum teaching experience of 1 year and research experience or teaching experience in machine learning or a related area.

# TWO-DAY WEEKEND TRAINING PROGRAMME Saptahaant Shikshak Prashikshan (SSP)

on

Introduction to Machine Learning Date: 16<sup>th</sup> December and 17<sup>th</sup> December, 2017

## Introduction

An important initiative has been taken by IIT Kharagpur to conduct weekend faculty development programme named 'Saptahaant Shikshak Prashikshan' (SSP) to facilitate up gradation of knowledge and the teaching skills of the faculty colleagues in specialised technical and science subjects. The Saptahaant Shikshak Prashikshan will provide an opportunity to acquire knowledge about current technological developments in relevant fields. It will not only promote the professional practices relevant to technical education but also will motivate the faculty to achieve competitive teaching and learning environment.

There will be no course fee for this SSP. However, the participants will have to bear the local expenditure. Participating teachers will attend live lectures delivered by IIT Kharagpur faculty at the Remote Centres on a Saturday & Sunday. The lecture transmission and live interaction will take place in distance mode using the A VIEW technology. The appointed Workshop Coordinators will handle the technology infrastructure for this two-day weekend training programme on "Introduction to Machine Learning" in the area of Electronics and Computer Science.

## **Course Justification**

Over the past decade, Machine Learning has been used in many domains and given us practical speech recognition and conversational system, effective web search and many futuristic applications such as self-driving cars. The use of Machine Learning is pervasive in our daily lives. This course introduces the field of machine learning and the important concepts and techniques.

# Who may benefit

The workshop is likely to benefit regular/visiting faculty colleagues who are teaching the subjects of Machine Learning, Data Analytics as well as Deep Learning in the field Computer Science.

## Note

Please note that live recording of the course and other created contents will be released under Open Source through a portal. The recorded CD/DVD of the course lectures will be available for distribution, at cost, to any individual or institution. All participants are required to sign an undertaking for such release of contents contributed by them during and after the SSP. The recognition and citation will naturally be made for all contributors.

## Introduction to Machine Learning Quiz - Saptahaant Shikshak Prashikshan (SSP)

There are 6 questions in the quiz. Please answer all the questions. Each question carries 5 marks and there is no negative marking.

- You are given a sequence with 16 observations, 0 0 0 1 2 1 1 1 1 2 1 1 0 1 2 2. You
  are told that you have to design an HMM with 4 hidden states. Calculate the total
  number of parameters your HMM will have. Write the dimensions for the transition
  matrix, emission matrix and the initial state vector.
- 2) Given below are results for the international shooting competition from 4 participants namely a,b,c and d. In a shooting competition each participant have to shoot the bullets onto the circular boards. Ideally all the bullets should fall within the innermost circle in the board. With your recently acquired skills from machine learning, please identify the variance and bias (from the ideal outcome) shown by each of the participants based on the bullet marks on the boards. A participant may either show high or low bias and high or low variance. For example, participant c has got all the shoot marks within the innermost circle. So we can say that the participant shows low variance and low bias. Similarly, Fill in the variance and bias values for each of the participants. Please note that you have to mention whether the asked value is high or low

c) Variance: Low ; Bias: Low

d) Variance: ? ; Bias: ?

#### Who Should Attend

As this FDP is not subject-specific, teaching faculty from any domain, including faculty from management, polytechnics, science, arts and commerce can participate. Teachers registered in a Masters or a PhD program, during their employment as a teacher, can also participate. Additionally, participants should have basic familiarity with computer.

Participants, who have not certified in the earlier FDPs (2016, 2017), are eligible to participate in the FDP.

#### **Duration and Venue**

This Two-week FDP consists of two components as follows:

1. Online work by individual participants: Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week, with an online test every week. Each participant has to spend 6 to 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 5 calendar weeks: From Thursday 08 March to 12 April 2018.

2. Face-to-Face interaction: Participants will have to physically attend these sessions at their chosen or designated Remote Centres (RCs), established across the country by IIT Bombay. Focused interactive sessions with the participating teachers, will be conducted by the faculty from IIT Bombay. The discussions and local tutorial sessions will be moderated by the Course Coordinators appointed at each RC. This activity will be conducted on the weekends of 24, 25 March 2018.

#### **Course Fee**

Participants have to pay a fee of Rs 1000/- to the remote centre This is for availing the benefits of synchronous interactions through A-VIEW. Participants who had attended previous FDPs, but were unable to complete can request the Remote Centre for a waiver in payment. However the final decision on the application will be that of the remote centre.

Accommodation: Not Applicable

#### How to Apply

If you wish to attend this course, you should register online. The online registration has started from **Friday 16 February 2018. The last date of online registration is Saturday 15 March 2018.** The URL for registration is <u>http://www.it.iitb.ac.in/nmeict/announcements.html</u>

The registration for FDP201x - "Pedagogy for Online and Blended Teaching-Learning Process" will be limited to participants, who successfully complete the FDP101x.

#### Address for communication:

#### **Two-Week AICTE approved FDP**

Under the aegis of Pandit Madan Mohan Malaviya National Mission for Teachers and Teaching (PMMMNMTT) on

# "Foundation Program in ICT for Education"

(This FDP is a repeat offering of FDP101x offered in 2017 and will be offered in a blended/hybrid mode)

A short term course on Product Design and Development

### November 6-10, 2017

Organized by DEPARTMENT OF MECHANICAL ENGINEERING R.V.R. & J.C.COLLEGE OF ENGINEERING (Autonomous) Chowdavaram, GUNTUR, ANDHRA PRADESH in association with NITTTR, Chandigarh (Ministry of Human Resource Development, Government of India)

#### Preamble:

In realization of the need for training better quality technicians to meet the large scale industrialization of the country, the Ministry of Human Resource Development (the then Ministry of Education). Government of India established four Regional Technical Teachers' Training Institutes (now National Institute of Technical Teachers Training & Research. NITTTR at Bhopal, Chandigarh, Chennal and Kolkata In 1967. The Institute at Chandigarh Is one of these four NITTIRs, started in collaboration with Royal Netherlands Government (upto 1974). To Improve the competence of teachers for implementing new curricula designed by this institute, short term courses have been offered since 1967

#### Objectives:

In the current era, sustainable product development involves the efficient evaluation of multiple alternatives within the constraints of time and cost. Owing to the complex nature of modern technology, often a large team is required to design and develop a major new product. This course aims to present a systematic engineering design process encompassing the latest developments in theory and practice.

#### Major Course Contents:

- Product Design Introduction
- Functional and Conceptual Design
- Role of CAD in Design
- Reverse Engineering and Rapid Prototyping
- Role of FEM in Design
- Concepts of Optimal Design
- Sustainability in Design
- **Design** Competition

#### Programme Delivery:

Renowned resource persons / Expertise from NITTTR, Chandigarh would be delivering lectures and sharing their real time experiences with the participants.

#### Who can participate?

The programme is open to Faculty and Research Scholars of Engineering Colleges, in all Mechanical, Civil domains and Industry as well. The number of participants is limited to 30. Selection will be purely based on first come first serve basis.

#### Organized at:

The programme will be coordinated and conducted by the Department of Mechanical Engineering in association with Remote Centre, RVR & JC College of Engineering, Guntur.

### About the Department:

The Department of Mechanical Engineering started B.Tech course in 1985. M.Tech (CAD/CAM) in 2004 and M.Tech (Machine Design) in 2013. The B. Tech course had been accredited with "A" grade by NBA for 3/5 Years in 1998. 2002 respectively. It has been re-accredited for 3 years in 2007, 2012 and in 2017. The department was awarded Rs.1 crore worth projects by AICTE, UGC and so on. The department has well experienced faculty with right mix of specializations and highly skilled and motivated technicians to provide quality education to the students. A well established CAD/CAM laboratory posses 110 high end computer systems and all are with advanced modeling and analysis softwares. Many of its students are placed in multinational companies through campus selections.

### About NITTR, Chandigarh:

Since 1983, the institute has been guilding and assisting the states in the areas of Educational Planning and Management. Since 1992, the institute started offering Regular Master of Engineering Programmes In (I) Engineering Education and (II) Manufacturing Technology. In the year 1994, two more courses namely Master of Engineering in Construction Technology and Management and Computer Science and Engineering were added. In the year 1998, two more Master of Engineering Programmes In Instrumentation & Control: and Electronics & Communication Engineering were added, and, since 2005, the institute started offering Modular Master of Engineering Programmes in all the above disciplines. The Institute has been recognized as a 'Research Centre' by Panjab University, Chandigarh (in 2006) as well as by Punjab Technical University, Jalandhar (Punjab) (in 2005) for pursuing research work leading to the degree of Doctor of Philosophy.

#### ABOUT RVR & JCCE:

Established In 1985, R.V.R. & J.C. College of Engineering, Guntur Is the 'Jewel in the Crown' of Nagarjuna Education Society, which took upon itself the responsibility of enriching the society through promotion of education, literature and culture. It is the determination and commitment of the Management that made the College one of the largest among Engineering Institutions in South India with excellent Infrastructure, facilities and competent human resources, Today, this most sought after college offers Seven B.Tech. Degree courses, MBA, MCA and M.Tech. In six specializations In 1998 It has become the youngest College to have been accredited and as on date all the seven eligible B.Tech. Degree Courses have been accredited in 2002, 2007, 2012 and again in 2017. It has become the first Engineering College in the state to have been accredited fifth time by N.B.A., New Delhi. In 2014, the Institution was accredited by NAAC with 'A' Grade for FIVE Years. The College is a typical example of meticulous planning, resource scheduling, human endeavor and institutional management.

#### Note for Participants

- There is No Registration fee.
- On successful completion of the course, NITTTR. Chandigarh will issue certificates to the eligible candidates.

The filled in applications should reach the co-coordinator through post (to the college address) or can be mailed to sajjar99@gmail.com.

#### Introduction:

Composite materials are presently being used in the most diverse of applications, ranging from aerospace to domestic goods. The term composite originally arose in engineering when two or more materials were combined in order to rectify some short comings of a particularly useful component. High strength materials are those which do not deform plastically or behave in brittle fashion. Whiskers and fibres possess extreme strength. Matrix protects the fibres from environment and enhances the toughness of the composite by deflecting the cracking to a tortuous path. Thus composite has its own distinctive properties, such as being much tougher than any of the constituent material alone.

The advent of light weight, corrosion and fatigue damage resistant composites was considered a major break-through which revolutionized the use of materials in many applications. Extensive research and development over the past two decades has made composites a production reality, vital to automotive, aerospace, medical, defence, space, sporting goods, electronic and marine applications. The rapid advancement in the science of fibres, matrix materials, processing, interface surface, bonding and their characteristics on the final properties of composites have taken place in the recent years. The technological developments in composite materials are responsible for partially meeting the global industrial demand for materials with improved performance capabilities.

This seminar aims to make clarity on fundamentals, characterization and application of composite materials. The course is designed especially the basics and advances of polymer matrix composites, metal matrix composites and ceramic matrix composites.

#### **Objectives:**

The seminar is aimed for the practicing engineers, members of the faculty, research scholars and PG students of engineering institutions of allied engineering branches viz, Metallurgical and Material Science, Mechanical and Production. The course content includes characterization and applications of composite materials.

#### **Proposed Topics**

The seminar focuses on

- Composite Materials-A review on Metal Matrix composites.
- Introduction to Nanocomposites-Processing and Applications
- Finite element analysis of Composites -Mechanical behaviour of MMCs, design of laminated shells etc.
- Manufacturing of composites Primary and Secondary Processing of PMC, MMC, CMC.
- Challenges in Manufacturing of composites-Standardization, Cost effectiveness, Waste disposal, recycling.
- > Social and environmental impact of composites.

#### Programme Delivery:

Renowned resource persons / Subject specialists from Academia (both from Engineering & R&D), institutions and industry, would be delivering lectures and sharing their experiences with the participants. Participants will be provided with free boarding and lodging at College Hostels. No T.A., D.A. shall be provided to the participants

#### About The College:

Established in 1985, R.V.R. & J.C.College of Engineering, Guntur is the 'Jewel in the Crown' of Nagariuna Education Society, which took upon itself the responsibility of enriching the society through promotion of education, literature and culture. The Engineering College, since its inception, enjoyed the status of a proud possession of Guntur and truly contributed to the objective of offering quality education. The college registered a phenomenal growth and today it stands as a premier institution offering engineering and management education at UG and PG levels. In 1998, it had become the youngest college to have been accredited by the National Board of Accreditation of the AICTE. As on date, all the seven eligible B.Tech. Degree courses have been accredited in 2002 & 2007 for 3/5 Years which, by far is the best achieved by any private engineering college in the State. The college was reaccredited in 2012 by NBA. New Delhi. The college has been graded as the second best among the private Engineering Colleges by the APSCHE, Hyderabad. The

college found a place in 'INDIA'S TOP 100 Engineering Colleges', according to a nation-wide survey conducted by Cfore for the news weekly "OUTLOOK'. The College received best laboratory award, Ecofriendly campus award and best performing professional UG college award in University examination results for the last FIVE consecutive years from Acharya Nagarjuna University. It is a hard-earned honor which one cherishes with pride and humility. The college is a typical example of meticulous planning, resource scheduling, human endeavor and institutional management.

#### About The Department:

The Department of Mechanical Engineering started B.Tech course in 1985 and M.Tech (CAD/CAM) in 2004. The B. Tech course had been accredited with "A" grade by NBA for 3/5 Years in 1998, 2002 respectively. It has been re-accredited for 3 years in 2007 and 2 years in 2012. The department was awarded Rs.75 lakhs worth projects by AICTE, UGC and so on. The department has well experienced faculty with right mix of specializations and highly skilled and motivated technicians to provide guality education to the students. A well established CAD/CAM laboratory posses 110 high end computer systems and all with advanced modeling and analysis software. Many of its students are placed in multinational companies like CUMMINS, ESSAR STEELS, INFOSYS, CTS, TCS, SATYAM, and INFOTECH etc., through campus selections.

#### **Registration and Fee Particulars for Participants:**

Registration fee will be made infavour of Principal, **R.V.R. & J.C. College of Engineering**, and Payable at Chowdavaram.

Educational Institutions : Rs. 300/-R&D Organizations & Industries: Rs. 700/-P.G Students & Research Scholar: Rs. 250/-

The registration fee enables the participants to receive seminar kit, proceedings CD, and lunch etc during seminar days. Registration forms are available on the website: www.rvrjcce.ac.in :

### AICTE SPONSORED NATIONAL SEMINAR ON

Advances in Nanocomposite materials and their fabrication (ANMF-2017) 02 – 03<sup>rd</sup> . November.2017

Organized by

### DEPARTMENT OF MECHANICAL ENGINEERING R.V.R. & J.C.COLLEGE OF ENGINEERING (Autonomous) Chowdavaram :: GUNTUR - 522 019.

Coordinator Dr. V.Chittaranjan Das, M.Tech, Ph.D., Professor, Department of Mechanical Engineering Ph. No. 9491073317, Cell No. : 9491108250 E-mail: vcd2k2@yahoo.co.in

### Introduction:

Nanocomposite encompasses a wide range of materials mixed at the nanometer scale. Three dimensional metal matrix composites, two dimensional lamellar composites and one dimensional nanowires and zero-dimensional core-shells represent some of the many variations of nano-mixed and layer materials. These constructs combine the best properties of each of the components and give rise to new and unique properties for advanced applications. Nanomaterials can be made from unexotic raw materials are stronger than steel and as flexible as plastic, conduct energy better than almost any material ever discovered. Growing realization of the remarkable characteristics of novel materials and methods has led to the interest in their application to diverse areas, including biocomposites and biosensors.

In recent years, rapid advances in technology have given rise to miniaturized and light weight products with increased and more powerful functionality. Such a trend of size reduction poses demand for enhanced precision of manufactured products not only in terms of the size and shape, but also the quality of the machining. The technologies include various techniques such as electric discharge machining, laser machining, electrochemical machining and focused ion beam milling. These technologies involve different physical mechanisms, yield different results, and are applicable indifferent situations. The present seminar will introduce various optimization techniques to analyze experimental data.

Active researchers in the nanotechnology field will provide in-depth analysis of issues related to various applications such as automobile, medical, agricultural, automotive, building construction, railway, etc. By attending this course participants will learn from the experts the future developments and trends in the field.

### **Objectives:**

The seminar is aimed for the members of the faculty, research scholars ,PG and UG students of engineering

institutions of allied engineering branches viz, Metallurgical and Material Science, Mechanical and Production.

### **Proposed Topics**

The seminar focuses on

- Amazing Materials: Carbon Nanotubes (CNTs)/Graphene and other forms of Carbons
- Synthesis and characterisation of Carbon Nanotubes
- CNTs Reinforced Composites Automobile Industries.
- Design of experiment
- Taguchi's optimization philosophy
- Taguchi based multi-response optimization approaches
- Desirability function approach
- Satisfaction Function Approach
- Utility theory, TOPSIS, VIKOR, MOORA method
- Principal Component Analysis (PCA)

### **Programme Delivery:**

Renowned resource persons / Subject specialists from Academia (both from Engineering & R&D), institutions and industry, would be delivering lectures and sharing their experiences with the participants. No T.A., D.A. shall be provided to the participants

### About The College:

Established in 1985, R.V.R. & J.C.College of Engineering, Guntur is the 'Jewel in the Crown' of Nagariuna Education Society, which took upon itself the responsibility of enriching the society through promotion of education, literature and culture. The Engineering College, since its inception, enjoyed the status of a proud possession of Guntur and truly contributed to the objective of offering quality education. The college registered a phenomenal growth and today it stands as a premier institution offering engineering and management education at UG and PG levels. In 1998, it had become the youngest college to have been accredited by the National Board of Accreditation of the AICTE. As on date, all the seven eligible B.Tech. Degree courses have been accredited in 2002 & 2007 for 3/5 Years which, by far is the best achieved by any private engineering college in the State. The college was reaccredited in 2012 and 2017 by NBA, New Delhi. The college has been graded as the second best among the private Engineering Colleges by the APSCHE, Hyderabad. The college found a place in 'INDIA'S TOP 100 Engineering Colleges', according to a nation-wide survey conducted by Cfore for the news weekly "OUTLOOK'. The College received best laboratory award, Ecofriendly campus award and best performing professional UG college award in University examination results for the last FIVE consecutive years from Acharya Nagarjuna University .It is a hard-earned honor which one cherishes with pride and humility. The college is a typical example of meticulous planning, resource scheduling, human endeavor and institutional management.

### About The Department:

The Department of Mechanical Engineering started B.Tech course in 1985 and M.Tech (CAD/CAM) in 2004. The B. Tech course had been accredited with "A" grade by NBA for 3/5 Years in 1998, 2002 respectively. It has been re-accredited for 3 years, 2 years in 2007,2012 and 2017 respectively. The department was awarded Rs.75 lakhs worth projects by AICTE. UGC and so on. The department has well experienced faculty with right mix of specializations and highly skilled and motivated technicians to provide quality education to the students. A well established CAD/CAM laboratory posses 110 high end computer systems and all with advanced modeling and analysis software. Many of its students are placed in multinational companies like CUMMINS, ESSAR STEELS, INFOSYS, CTS, TCS, SATYAM, and INFOTECH etc., through campus selections.

### **Registration and Fee Particulars for Participants:**

Registration fee will be made infavour of Principal, **R.V.R. & J.C. College of Engineering**, and Payable at Chowdavaram.

| Educational Institutions       | : Rs. 250/- |
|--------------------------------|-------------|
| R&D Organizations & Industries | : Rs. 500/- |
| U.G.and P.G Students           | :Rs.200/-   |

The registration fee enables the participants to receive seminar kit ,lunch , snacks etc during seminar days. Registration forms are available on the website: www.rvricce.ac.in :

#### Important Dates:

### Innovations in Renewable Energy Harvesting and Environment Friendly Process Technologies for Sustainable Development

23-10-2017 to 04-11-2017

Organized by

### DEPARTMENT OF CHEMICAL ENGINEERING R.V.R. & J.C.COLLEGE OF ENGINEERING

NAAC 'A' Grade (Autonomous) Chandramoulipuram, Chowdavaram, GUNTUR - 522 019, Andhra Pradesh, India Website: www.rvrjcce.ac.in

### OBJECTIVE

Energy is essential for the society to serve the human needs and for productive purpose. Fossil fuels highly contribute to air, water & soil pollution, and produce green house gases leading to the global warming. Serious thought needs to be accorded to evaluate the economic competitiveness of all available renewable energy sources against background of the following three main parameters. These relate to: a) an increasing gap between the demand and supply of conventional power, b) accompanying transmission & distribution losses and c) importantly, the climate change. Sustainability aims to conserve energy and natural resources, and to ensure that they have minimal impact on the environment and society. It targets at fulfilling the needs of the present generation without compromising the requirements of future generations.

This Faculty Development Programme (FDP) addresses the recent developments of Renewable energy, like Solar energy, Wind energy, Geothermal energy, Hydroelectricity, Bio-fuels, Tidal power, etc., Fuel cell technology, Storage of Energy, innovative processes for zero emission, optimization of energy usage and by-product utilization. This FDP also provides an overall view of the Sustainability through various methodologies and its application in improving the eco-efficiency. Simulation of the harvesting and distribution systems also shall be discussed to make the participants learn the modern tools being used in the virtual environment.

### ABOUT THE COLLEGE

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli (RVR&JC) College of Engineering (A), Guntur is a pioneer and well-known for its discipline and dexterity in the field of Engineering Education. It was promoted by a philanthropic group of individuals under Nagarjuna Education Society, Guntur in the year 1985. The promoters of the College have pursued their mission with such a zeal and understanding that the College had over-taken the older Colleges quantitatively and qualitatively. Today, it is a most sought after institution offering 7 B.Tech. and 6 M.Tech. programes in Engineering, as well as MCA & MBA programes.

Its credentials are :

- O The first Engineering College in the state accredited by NBA for Five times in 1998, 2002, 2007, 2012 & 2017.
- 2\* best among the private Engineering Colleges in the state and 4\* best amongst all Colleges inclusive

- O Only Engineering College in the entire state to have Chemical Engineering programme accredited for 5 years in 2012 by NBA.
- O Consistently figured among the top 100 Engineering Colleges in the country.
- O Best performing college among all the affiliated colleges of Acharya Nagarjuna University.
- O Graded as AAA by Careers 360 magazine in May, 2013.

### ABOUT THE DEPARTMENT

The Department of Chemical Engineering was established in the year 1996 and presently offers 4-year B.Tech. programme in Chemical Engineering with 60 intake. The programme is approved by AICTE and Accredited Thrice (Five years in 2012) by National Board of Accreditation (NBA), New Delhi. The Department has the state-of-art equipment necessary for curricular needs. All the laboratories are fully equipped with latest equipment and advanced software packages such as TSPL, ASPEN plus University Package, etc.

### Its Achievements are :

IIChE RVR & JCCE Student Chapter has been bestowed with

- Ambuja's Best Student Chapter Awards I prize for academic year 2011, and II prize for academic year 2012.
- Pedilite Industries Best Student Chapter Award for the academic years 2015 & 2016.

### THEMES

- \* Opportunities for Alternative Energy & Fuels.
- \* Solar Photovoltaic and Thermal Energy.
- ☆ Wind Energy.
- \* Bio mass energy.
- \* Hydro-electric and Micro Hydelpower.
- \* Integrated Rural Energy.
- \* Photovoltaic Materials, Devices and Modules.
- \* Geothermal energy.
- \* High Capacity Power Converters for RE Applications.
- \* Renewable Energy: Modelling & Design.
- tr Alternative fuel vehicles.

- \* Fuel cells.
- \* Nanotechnology in energy systems
- \* Eco-Friendly Products
- \* Green / Zero emission Technologies
- \* Simulation for sustainable production / manufacturing.
- Combating climate change through Carbon Capture and Storage.

### **RESOURCE PERSONS**

Leading academicians from IITs / NITs / Universities, renowned Engineering Colleges and Scientists will deliver lectures and discuss industrial case studies. Eminent Industry experts will also share their experiences. Field visits to the participants shall be arranged to have hands-on experience in the Renewable Energy.

### ELIGIBILITY / HOW TO APPLY

This FDP program is open to all the faculty from AICTE approved Institutions, IIT's, NIT's and scientists from research labs, etc. Interested participants can send their registration form along with DD to the Cocoordinator. The DD should be drawn in favor of 'Principal, RVR & JC College of Engineering (A)' payable at Andhra Bank, Chowdavaram, Guntur. In addition, practicing engineers from industries and other interested persons can participate on payment basis as under.

### **REGISTRATION FEE**

| Faculty*            | * * | Rs. 1,000/- (Refundable)     |
|---------------------|-----|------------------------------|
| Industrial Persons  |     | Rs. 2,000/- (Non-Refundable) |
| * Refundable to the | 105 | se faculty members who hav   |

Refundable to those faculty members who have successfully completed the FDP.

### ACCOMMODATION

College hostel accommodation will be provided at free of cost to all outstation participants. The participants have to request in advance along with the registration form for such accommodation. No TA & DA will be paid.

Dear Prof. Manukonda,

We welcome you as nodal centre for ICT based STC on Optimization Using MATLAB during July 17 to 21, 2017. For any further clarification, you may contact me on email only as I am in Canada upto July 11.

Thanks for your interest in our programs.

Dr. Sukhdeep S. Dhami Professor, Mechanical Engineering National Institute of Technical Teachers Training & Research Sector 26, Chandigarh - 160019 Tel: +91-172-2759659 (Office)

Warm Greetings ...

I am happy to know that NITTTR Chandigarh is organizing a STC on "Optimization Using MATLAB " from 17-21 July, 2017 in ICT mode.

I am happy to inform you that I am the Coordinator IIT Bombay Remote center(1353) of our college, so far we have organized 10 ICT programs (STTP, FDP and MOOCs) for the faculty and students.

<sup>Our</sup> institute received 2.80 lakh fund to procure A-View class room infrastructure to run the ICT programs.

Also inform you that we have organised two NITTTR ICT STCs during March and April, 2017. I this connection, We request you to consider our college as remote center to conduct the

said programme. I can ensure you that minimum 40 faculty members will attend this STC from our institute

and outside college. Our institute has s good infrastructure includes both software and hardware as per your specifications.

Kindly consider our request positively and do the needful.

Regards

Dr.M.V.P. Chandra Sekhara Rao, Professor, Dept. of CSE, R.V.R. & J.C. College of Engineering, Chowdavaram, GUNTUR-522 019.

Proposal for conduct of Short Term Course on "OPTIMIZATION USING MATLAB" - Permission - Proposed Expenditure - Request - Reg. te te te

We would like to bring to your kind notice that we requested NITTTR. Chandigarh authorities to organize ICT based STC on Optimization Using MATLAB during 17-21 of July, 2017 in our college remote center on behalf of the department of Mechanical Engineering.

We received positive response to conduct the short term course at the remote center. The STC is aimed at making the participants aware about the different optimization techniques and the tools available for this purpose. The participants will be exposed to application of MATLAB in optimization. As the said course is an interdisciplinary one, we are planning to offer it for faculty of all branches. The total number of participants (both external and internal) shall be limited to 30. I am acting as the coordinator for the said STC.

The proposed expenditure is Rs.11,550/- (Rupees Eleven Thousand Five Hundred and Fifty Only) and the following is the list of expenses that may be incurred.

| 4,500.00              |
|-----------------------|
| 6.000.00              |
| 600.00                |
| 450.00                |
| 11,550.00             |
| Hundred<br>ifty Only) |
|                       |

Hence it is requested that necessary permission and approval may be given to conduct ICT based STC on Optimization Using MATLAB for the benefit of faculty.

29/4/17

Dr.S.Radhika Associate Professor, Dept. of M.E Coordinator STC on Optimization Using MATLAB

May be remitted,

A short term course on Optimization using MATLAB July 17-21, 2017

Organized by DEPARTMENT OF MECHANICAL ENGINEERING R.V.R. & J.C.COLLEGE OF ENGINEERING (Autonomous) Chowdavaram, GUNTUR, ANDHRA PRADESH

### in association with NITTR, Chandigarh (Ministry of Human Resource Development, Government of India)

#### Preamble:

In realization of the need for training better quality technicians to meet the large scale industrialization of the country, the Ministry of Human Resource Development (the then Ministry of Education), Government of India established four Regional Technical Teachers' Training Institutes (now National Institute of Technical Teachers Training & Research, NITTTR at Bhopal, Chandigarh, Chennai and Kolkata in 1967. The Institute at Chandigarh is one of these four NITTERs, started in collaboration with Royal Netherlands Government (upto 1974). To improve the competence of teachers for implementing new curricula designed by this institute, short term courses have been offered since 1967.

#### **Objectives:**

The course is aimed at making the participants aware about the different optimization techniques and the tools available for this purpose. The participants will be exposed to application of MATLAB in optimization.

### Major Course Contents:

- Basic concepts and classification of optimization techniques.
- Objective functions and constraints.
- Mathematical Modeling.
- Nonlinear optimization.
- Multi-objective optimization.
- Solutions of optimization problems using MATLAB.

Renowned resource persons / Expertise from NITTTR, Chandigarh would be delivering lectures and sharing their real time experiences with the participants.

The programme is open to Faculty and Research Scholars of Science / Engineering Colleges, in all domains and Industry as well. The number of participants is limited to 60. Selection will be purely based on first come first serve basis.

The programme will be coordinated and conducted by the Department of Mechanical Engineering in association with Remote Centre, RVR & JC College of Engineering, Guntur.

About the Department: The Department of Mechanical Engineering started B.Tech course in 1985. M.Tech (CAD/CAM) in 2004 and M.Tech course in 1985, M. Tech (CAD/CAN) in 2004 and M. Tech (Machine Design) in 2013. The B. Tech course had been accredited with "A" grade by NBA for 3/5 Years in 1998, 2002 respectively. It has been re-accredited for 3 years in 2002 respectively. The department was averaged by 2002 respectively. It has been reacticuted for 3 years in 2007, 2012 and in 2017. The department was awarded Rs.1 2007. 2012 and in 2017 the dependence was awarded Rs.1 crore worth projects by AICTE, UGC and so on. The crore worth project experienced faculty with right mix of department has well experienced faculty with right mix of department has well experienced recurry with right mix of specializations and highly skilled and motivated technicians specializations and nighty skilled and motivated technicians to provide quality education to the students. A well established CAD/CAM laboratory posses 110 high end computer systems and all are with advanced modeling and analysis softwares. Many of its students are placed in multinational companies through campus selections.

### About NITTR, Chandigarh:

Since 1983, the institute has been guiding and assisting the states in the areas of Educational Planning and Management. Since 1992, the institute started offering Regular Master of Engineering Programmes in (i) Engineering Education and (ii) Manufacturing Technology. In the year 1994, two more courses namely Master of Engineering in Construction Technology and Management and Computer Science and Engineering were added. In the year 1998, two more Master of Engineering Programmes in Instrumentation & Control; and Electronics & Communication Engineering were added, and, since 2005, the institute started offering Modular Master of Engineering Programmes in all the above disciplines. The Institute has been recognized as a 'Research Centre' by Panjab University, Chandigarh (in 2006) as well as by Punjab Technical University, Jalandhar (Punjab) (in 2005) for pursuing research work leading to the degree of Doctor of Philosophy.

### ABOUT RVR & JCCE:

Established in 1985, R.V.R. & J.C. College of Engineering, Guntur is the 'Jewel in the Crown' of Nagarjuna Education Society, which took upon itself the responsibility of enriching the society through promotion of education, literature and culture. It is the determination and commitment of the Management that made the College one of the largest among Engineering Institutions in South India with excellent infrastructure, facilities and competent human resources. Today, this most sought after college offers Seven B.Tech. Degree courses, MBA, MCA and M.Tech. in six specializations In 1998 it has become the youngest College to have been accredited and as on date all the seven eligible B.Tech. Degree Courses have been accredited in 2002, 2007 and again in 2012. It has become the first Engineering College in the state to have been accredited fourth time by N.B.A., New Delhi. In 2014, the Institution was accredited by NAAC with 'A' Grade for FIVE Years. The College is a typical example of meticulous planning, resource scheduling, human endeavor and institutional management.

### Note for Participants

- There is No Registration fee.
- On successful completion of the course, NITTTR, Chandigarh will issue certificates to the eligible candidates.

The filled in applications should reach the coordinator through post (to the college address) or can be mailed to sajjar99@gmail.com.

### Nomination of Workshop Coordinator

The Institute of **R.V.R. & J.C. College of Engineering, Guntur RC ID** (1353) is a remote center of under NMEICT project and we are willing to conduct the two-week ISTE STTP (subject to availability of fund) on "Electric Power System", to be held during first Week of July, 2017 tentatively.

In this regard, we have nominated <u>Dr.K.Radha Rani, Professor</u> of <u>Electrical and Electronics Engineering</u> Department for attending the ISTE STTP for coordinators on "Electric Power System" from May 1, 2017 to May 5, 2017 at IIT Kharagpur. She has been teaching **Power and Energy Systems area** for **13** years. Her total teaching experience is <u>17</u> Years.

I assure you that all the responsibilities given by IIT Kharagpur will be carried out by us diligently and effectively. There will be a regular check of emails by workshop coordinator and he/she will respond to the emails, queries and requests instantly. We understand that if the coordinator remains absent on any sessions during the ISTE STTP for Coordinators, he/she will be dropped out from the workshop coordinators position. We are having all the common logistics facilities such as classroom, audio-visual equipment, computer terminal, accommodation (if yes) and food for participating teachers during the main ISTE STTP to be held during first week of July, 2017 tentatively (subject to availability of fund).

Thanking You,

1.5

**Department of Electrical and Electronics Engineering** 

# NITTTR ICT based Short Term Course (STC) on

# "Artificial Neural Network and Fuzzy Logic"

# 24-28 April, 2017

# **Course Objectives:**

- To provide concept of Artificial Neural Network and its application in pattern recognition, classification and optimization.
- > To provide knowledge of Fuzzy Logic and its applications.

### **Course Contents:**

- Overview of biological and artificial neuron.
- Back propagation algorithm.
- ART network.
- Hopfield network and Self Organizing Map.
- MATLAB implementation of algorithms for various applications.

# **Course Coordinator:**

### Note submitted to the Principal

This is to inform you that National Institute of Technical Teachers' Training and Research (NITTTR) is conducting ICT based course on Artificial Neural Networks and Fuzzy Logic from 24-28 April, 2017 for the faculty. Basing upon our request our institute has been permitted to organize the said course through our IIT Bombay, Remote Centre. As per the norms of NITTTR, an amount of Rs. 2500/- and 1500/- will be paid to Coordinator and Ancillary staff towards honorarium.

This course is interdisciplinary and it is planned to organize for the 40 faculty members of our college. In this connection, it is requested that necessary permission may be given to proceed further by providing budget to meet the following expenditure towards snacks and Tea.

| Sl.No. | Item description                                       | Exp. Amount in Rs. |

## National Institute of Technical Teachers' Training and Research (NITTTR) NOTICE

This is to inform that National Institute of Technical Teachers' Training and Research (NITTTR) is conducting ICT based Short Term Course (STC) on "Artificial Neural Network and Fuzzy Logic" during 24-28 April, 2017 for the faculty of all Engineering and Polytechnic institutions. This program is organized at Remote Center, RVR & JC College of Engineering.

The objective of this course is to provide the skills and knowledge of Artificial Neural Network and its application in pattern recognition, classification and optimization, Fuzzy Logic and its applications.

As it is an interdisciplinary course, all the HODs are requested to encourage interested faculty members to register for the said program. There is no registration fee and tea and snacks will be provided for all the participants during the programme.

The interested faculty members are required to send the scanned copy of filled-in registration form to <u>rvrjcceiitbombay@gmail.com</u> on or before 22nd April, 2017.

### Dear all remote centres,

The department is organizing STC course on "Artificial Neural Network and Fuzzy Logic through ICT" from 24.04.2017 to 28.04.2017 at NITTTR, Chandigarh.

This is to inform you that the above course is for Faculty & Technical Staff of Technical Colleges (Engineering & Polytechnic).

The contents of this course is

To provide concept of Artificial Neural Network and its application in pattern recognition, classification

and optimization.

- To provide knowledge of Fuzzy Logic and its applications
- Backpropagation algorithm .
- ART network .
- Hopfield network and Self Organizing Map .
- MATLAB implementation of algorithms for various applications.

- To make them learn the principles of digital art, drawing, storyboarding, image editing and techniques in animation.
- Will be able to create movie clips, banners and flash presentations.
- With the addition of sound and scripting, will be able to create interactive flash applications for web
- To enable them to produce Animation using Adobe After Effects

To enable them to generate 3D Models using Google Sketch Up COURSE CONTENTS:

- Overview of Multimedia Tools and Authoring
- Introduction to Audio and Video Editing
- Introduction to Photoshop tools, layers, filters and image editing
- Introduction to Adobe After Effects for animation
- Introduction to Google Sketch up for 3D modelling
- Introduction to Flash drawing tools and layers
- Basic animation using motion tweening and shape tweening using Flash
- Symbols and instances for creating movie clips using Flash Flash Presentations
- Flash Action Script for adding interactivity and adding sound

#### Nomination of Workshop Coordinator

The Institute of **R.V.R. & J.C.College of Engineering, Guntur RC ID** (1353) is a remote center of under NMEICT project and we are willing to conduct the two-week ISTE STTP (subject to availability of fund) on "CMOS, Mixed Signal and Radio Frequency VLSI Design", to be held during first week of January, 2017 tentatively.

In this regard, we have nominated <u>Mr U.Rama Krishna, Sr.Assistant Professor(Sr)</u> of <u>Electronics & Communication Engineering</u> department for attending the ISTE STTP for coordinators on "CMOS, Mixed Signal and Radio Frequency VLSI Design" from September 19, 2016 to September 23, 2016 at IIT Kharagpur. He has been teaching Analog and Digital Circuits for <u>Six</u> years. His total teaching experience is <u>Seven</u> Years and <u>Six</u> Months.

I assure you that all the responsibilities given by IIT Kharagpur will be carried out by us diligently and effectively. There will be a regular check of emails by workshop coordinator and he/she will respond to the emails, queries and requests instantly. We understand that if the coordinator remains absent on any sessions during the ISTE STTP for Coordinators, he will be dropped out from the workshop coordinators position.

We are having all the common logistics facilities such as classroom, audio-visual equipment, computer terminal, accommodation (if yes) and food for participating teachers during the main ISTE STTP to be held during first week of January, 2017 tentatively (subject to availability of fund).

Thanking You,

rorsekher

# Ethics and Human values in Engineering

JAN 05 -06, 2017

Organized by DEPARTMENT OF MECHANICAL ENGINEERING *R.V.R. & J.C.COLLEGE OF ENGINEERING Chowdavaram :: GUNTUR - 522 019 (Autonomous)* Chowdavaram :: GUNTUR - 522 019. ANDHRA PRADESH www.rvrjcce.ac.in

#### **INTRODUCTION:**

Engineering is transforming science into useful products for human comfort. Ethics in engineering is the ability as well as responsibility of an engineer to judge his decisions from the context of the general wellbeing of the society. Engineers must be equipped by their education to fulfill their ethical obligations to the public at large, to their profession

The role of a teacher in engineering today not only instructs but also inspires his students by implanting in them some ethical and human values. Engineering ethics is attracting increasing interest in Engineering Universities throughout the Nation. Evidence of this interest in professional ethics culminated in the creation of a new course in engineering ethics,

The increasing concern for the value dimension of engineering is, at least in part, a result of the attention that the media has given to cases such as the Bhopal gas tragedy, Challenger disaster, and Bridge Daman (india). As a response to this concern, a new discipline, engineering ethics, is emerging. This discipline will take its place alongside such wellestablished fields as medical ethics, business ethics

Engineers play major role in technological and economical development of a Country. Hence it is very important that engineers should be imparted with knowledge of ethics and human values for a better society. Since the prospective engineers and industrial practitioners have moderate knowledge about these aspects there is a urgent and inescapable need for a short term course dealing with these concerns to be implanted in them.

#### **OBJECTIVES :**

The course is aimed for the practicing engineers, faculty members, research scholars and PG students of engineering institutions of various engineering streams. The course content includes ethics and human values that need to be implanted in an engineer.

#### **SEMINAR CONTENT:**

The seminar focuses itself on

- Ethics and professionalism in engineering
- Engineers and the environment
- Ethics in computing

- Safety, Responsibilities And Rights of engineers
- Influence of multinational corporations on Human Values and Ethics.
- Ethics and Values for Engineering Teachers.
- Ethics and values in designing and usage of medical materials

#### **PROGRAMME DELIVERY :**

Renowned resource persons / Subject specialists from Academia, institutions and industry, would be delivering lectures and sharing their experiences with the participants.

#### ELIGIBILITY:

The programme is open to the teachers of AICTE approved Engineering/Polytechnic colleges working in various Engineering disciplines, students (M.Tech) and Engineers from Industry. Participants are limited to 50. *KIND NOTE: No T.A., D.A. shall be provided to the Participants.* 

#### ABOUT THE COLLEGE:

Established in 1985, R.V.R. & J.C.College of Engineering, Guntur is the 'Jewel in the Crown' of Nagarjuna Education Society, which took upon itself the responsibility of enriching the society through promotion of education, literature and culture. It is the determination and commitment of the Management that made the College one of the largest among Engineering Institutions in South India with excellent infrastructure, facilities and competent human resources. Today, this most sought after college offers Seven B.Tech. Degree courses, MBA, MCA and M.Tech. in six specializations. In 1998 it has become the youngest College to have been accredited and as on date all the seven eligible B.Tech. Degree Courses have been accredited in 2002, 2007 and again in 2012. It has become the first Engineering College in the state to have been accredited fourth time by N.B.A., New Delhi.In 2014, the Institution was accredited by NAAC with 'A' Grade for FIVE Years by getting 3.19 CGPA on 4 point Scale. Further in the Academic Audit and Grading done by Andhra Pradesh State Council for Higher Education, Govt. of A.P., the institute is rated as the SECOND best among Private Engineering Colleges

of A.P. and FOURTH best amongst all Engineering Colleges of combined Andhra Pradesh, including University Engineering Colleges. It has also figured among the "Top-100"Engg. Colleges in independent surveys conducted in 2006 & 2007 by the popular magazine the "OUTLOOK". The College received Best Laboratory Award, Eco Friendly Campus and First Prize for Best Performing Professional UG College in University Examination Results for the last FIVE consecutive years up to 2015 from Acharya Nagarjuna University.

#### **ABOUT THE DEPARTMENT:**

The Department of Mechanical Engineering started B.Tech course in 1985, M.Tech (CAD/CAM) in 2004 and M.Tech (Machine Design) in 2013.The B.Tech course had been accredited with "A" grade by NBA for 3/5 Years in 1998, 2002 respectively. It has been reaccredited for 3 years in 2007 and in 2012. The department was awarded Rs.90 lakhs worth projects by AICTE, UGC and so on. The department has well experienced faculty with right mix of specializations and highly skilled and motivated technicians to provide quality education to the students. It has a well established CAD/CAM laboratory posses 110 high end computer systems and all are with advanced modeling and analysis softwares. Many of its students are placed in multinational companies like ISRO, HPCL, HAL, CUMMINS, ESSAR STEELS, INFOSYS, CTS, TCS, SATYAM VENTURES, and INFOTECH etc., through campus selections.

Dear All,

Thu, Oct 27, 2016 at 12:13 PM

We would like to thank you all for your activate participation in the IBM T3 program on Cloud Computing which was held from 17th October to 26th October 2016.

Let us take this opportunity to thank the APSSDC team Mr. Nagababu and Mr. Ghouse and their team for coordinating in setting up this program and thus enabling smooth delivery of training.

Also we would like to thank our Trainers who worked hard to deliver this training - Mr. Viqaruddin Surki, Mr. Ananth Kulkarni, Ms. Shikha Pandey, Mr. Rajesh Gowda and Dr Dutta.

In addition we would like to thank Dr Lakshmi and Ms Angel in helping out with various approvals to get this T3 initiated.

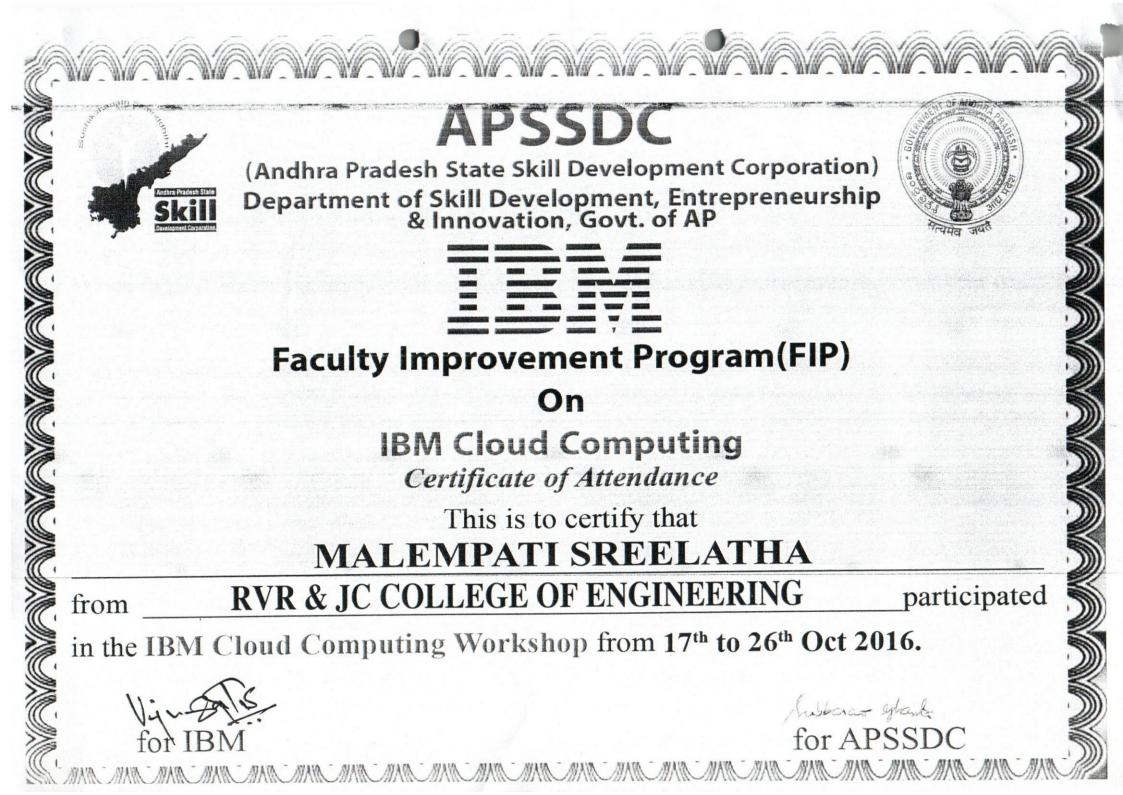

Thank you all and hope you carry with you sufficient knowledge and can impart these to others.

Warm Regards,

Melroy D'souza

"The new electronic interdependence recreates the *world* in the image of a *global village*" —Marshall McLuhan, 1964

Technologies are rapidly changing across the world. Internet of Things (IoT) became one of most influential technological change that is happening around the world with its wide range of applications. IoT is also going to emerge as a major source of creating employment opportunity in the nation with its wide application in the areas of Health, Transport, Agriculture, Irrigation, Lighting, Environment, Water management and Logistic management etc. To match up to the forecasting needs of skilled human resources in this domain, it is quite essential to improve the skill set of Younger generation of our Nation and drive them towards IoT.

By 2020, it is estimated that number of internet-connected things will be 4 times the population of the world. **This opens up new insights, opportunities and services that will impact everyone in significant manner.** 25 Billion Devices and things will be connected to the internet there by generating 50 Trillion Giga Bytes of data. This BigData will create new opportunities for businesses to analyze it and create more value to customers.

This ever-increasing volume and variety of data coming at great velocity and veracity will create difficulties to organizations in every industry to manage, utilize and bring out insight from it.

Traditional analytical methods will not be useful and new approaches, methods and skills are needed to analyze this dynamic BigData. It also enables organizations to tackle problems that were previously ignored as intractable. A new role, "data scientist" has emerged for bringing insight from the data. As per worldwide estimations, by 2015, 44 lakh data scientists will be needed globally for the industry by 2015 and only one-third of those jobs will be filled due to lack of talented professionals. Average salary of Data Scientist will be 2 times of a skilled programmer as per latest industry sources. Moreover, number of data scientists required by the industry will further increase with flourishing of Internet of Things (IoT) and smart solutions. India as a nation with world's largest youth population and also producer of 15 lakh engineers every year, can take benefit out of this demand.

With this thought of diversifying the importance of IoT to various sectors of society, we would like to extend our co-operation to a professional engineering college like you and also with your students in applying IoT technology and create a wide IoT application innovation. Efftronics will conduct 1 day IoT Symposium in your campus which will give an awareness and understanding of the IoT technology. Subsequently, the faculty and students can work on the projects in their selected application areas and develop different use cases.

For students, this exposure to new technologies that are easily accessible and practical will help them in furthering their career opportunities in mobile, internet and IoT platforms. At the same time, this technology could result in a host of products which ease our lives as well as optimize the way the work could be done.

Let's make a step forward to work together to build a strong younger generation of our Nation by creating employment opportunities through IoT and striving towards development of India.

1. Online work by individual participants: Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week, with an online test every week. Each participant has to spend 6 to 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 10 calendar weeks: From Monday 2 May 2016 to Sunday 10 July 2016.

2. Face-to-Face interaction: Participants will have to physically attend these sessions at their chosen or designated Remote Centers (RCs), established across the country by IIT Bombay. Focused interactive sessions with the participating teachers, will be conducted by the faculty from IIT Bombay. The discussions and local tutorial sessions will be moderated by the Workshop Coordinators appointed at each RC. This activity will be conducted on 3 weekends: 14, 15 May; 4, 5 June; and 25, 26 June 2016.

3. **Team assignment:** Teams of 3 to 5 members will be formed from amongst the participants at each RC. Each team is required to create and review the assignment, and submit the same online. Here again, each participant has to spend adequate effort, albeit in a coordinated manner with other members of the team. It will be undertaken from Monday 11 July 2016, after completion of the 10 weeks of online activity, and will have to be submitted within four calendar weeks, before Friday 5 August 2016.

#### **Criteria for Certification**

IIT Bombay will award certificates only to those participants who: successfully complete prescribed online tests with minimum 50% aggregate score, meaningfully participate in face-to-face sessions, and submit the team assignment of an acceptable quality. **AICTE has recognized this as a Four-week FDP.** 

Note That this FDP is conducted under the T10KT project of IIT Bombay. Live recording of the course and other created content will be released under Open Source, through a portal. The recorded CD/DVD of the course lectures will be available for

distribution at cost, to any individual or institution. A., participants are required to sign a

No Objection Certificate for such release of content contributed by them during and after the FDP. All contributors will be acknowledged.

#### **Course Fee**

Each participant designated of the FDP will pay Rs.1000/- participation fee to the Remote Centers. This is primarily to cover the cost of conducting face to face component of the FDP. The food and accommodation charges if any, are to be borne by the participants, apart from the fee.

SAP/ (CSR activities) is partially funding this FDP, therefore there is no fee to be paid to IIT Bombay. In addition, it has been decided that 200 top performing participants, will be given an SAP fellowship award of Rs. 5,000 each. Further, they will also be offered an opportunity to participate as associate faculty (with an appropriate honorarium, of course), for conducting this FDP in future.

#### Accommodation and other support

Remote Centers may at cost provide, tea/lunch on during the face to face interaction and accommodation, if available\*, for a limited number of outstation participants. Food and accommodation, are chargeable. The charges may vary from place to place, and are available in the online registration form. Please check the rates before you apply for these optional facilities. This cost is not included in the course fee.

#### How to Apply

If you wish to attend this course, you should register online. The online registration will start from Tuesday 19 April 2016. The last date of online registration is Friday 6 May 2016 The URL for registration is

## "Use of ICT in Education for Online and Blended Learning"

(This MOOC based FDP will be conducted in a blended mode over a longer period as explained in "Duration and Venue")

#### 2 May to 10 July 2016

Conducted by

#### **IIT Bombay**

<u>Course Coordinator</u> Professor Deepak B. Phatak Department of Computer Science & Engineering

Indian Institute of Technology Bombay Mumbai - 400076

#### roduction

IIT Bombay has been involved with distance synchronous education, since year 2000. We have trained over 1,00,000 teachers, in partnership with IIT Kharagpur, under the T10KT (Train 10 Thousand Teachers at a time) project sponsored by NMEICT. All training workshops so far, were on specific subjects of Engineering and Science Education, most of which are taught as core courses in our colleges and universities. The participating faculty has benefitted from these programs.

Online educational methodology, and flippedclassrooms with associated pedagogy of active learning, have quickly emerged as the mainstay of effective education in this century. However, most of our teachers lack skills and competencies for proper and effective use of ICT in education. It is thus an urgent national requirement that all our teachers, at least those teaching in our professional colleges, are empowered to use technology effectively, to enhance the quality of education.

To meet this requirement, IIT Bombay has specially designed a Faculty Development Program (FDP) on "Use of ICT in Education for Online and Blended Learning ". This FDP is designed as a MOOC (Massive Open Online Course), with some face-toface sessions at Remote Centres. It will be conducted beginning from 2 May 2016. Completion Certificates will be awarded by IIT Bombay to those participants, who successfully complete all online assessments, meaningfully participate in face-to-face sessions, and submit the prescribed team- assignment.

Dt: 30-04-2016.

## Note submitted to the Principal

This is to inform you that with your kind approval, a four week Faculty Development Program (FDP) on "Use of ICT in Education on-line and Blended Learning" will be conducted during 2<sup>nd</sup> May, 2016 to 10<sup>th</sup> July, 2016 at our college Remote Centre (RC).

As it is an on-line programme, Participants will attend the interactive sessions that are conducted by the faculty of IIT Bombay on 3 weekends: 14<sup>th</sup>, 15<sup>th</sup> May; 4<sup>th</sup>, 5<sup>th</sup> June; and 25<sup>th</sup>, 26<sup>th</sup> June 2016 at our Remote Center (RC).

As we are getting tremendous response from the faculty of our college and outside colleges, we are planning to restrict the Participants strength to 50.

In this connection, it is request that kindly pass the necessary instructions to the concerned personnel to provide uninterrupted internet, power supply, lunch & tea, and transportation for the conduct of the programme smoothly during the above said days.

#### Note submitted to the Principal

This is to inform you that IIT Bombay has designed a four week Faculty Development Program (FDP) on "Use of ICT in Education on-line and Blended Learning" during 2<sup>nd</sup> May, 2016 to 10<sup>th</sup> July, 2016. It is intended for teachers in Higher education institutions of India.

As it is a on-line course, Participants will have to physically attend the interactive sessions that are conducted by the faculty of IIT Bombay on 3 weekends: 14<sup>th</sup>, 15<sup>th</sup> May; 4<sup>th</sup>, 5<sup>th</sup> June; and 25<sup>th</sup>, 26<sup>th</sup> June 2016 at their Remote Center (RC). The participants are required to pay Rs.1000/- to RC, in order to meet Food and accommodation expenditure during interactive sessions (6 days). I would like to inform you that this kind of program is more useful to our faculty members. In order to encourage our faculty members please permit us to conduct this program without collecting registration fee.

As per the information received from IITB, It is required to nominate the Workshop Coordinator (WSC) to monitor the activity. I request you kindly nominate, Dr. A. Srinagesh, Associate Professor, Department od CSE, as Workshop Coordinator to look after the program.

In this connection, it is planned to conduct the program for 40 faculty members (30 -In house and 10 – outside faculty members). I request you kindly pass the necessary instructions to the respective Head of the departments, to register minimum of five interested in house faculty members for this program.

Hence, it is requested that permission may be granted to conduct the same course for the Faculty of all engineering branches and also sanction an amount of Rs.20, 000/-to meet the food expenditure during the 6 days interactive sessions.

Dear All,

Thu, Oct 27, 2016 at 12:13 PM

We would like to thank you all for your activate participation in the IBM T3 program on Cloud Computing which was held from 17th October to 26th October 2016.

Let us take this opportunity to thank the APSSDC team Mr. Nagababu and Mr. Ghouse and their team for coordinating in setting up this program and thus enabling smooth delivery of training.

Also we would like to thank our Trainers who worked hard to deliver this training - Mr. Viqaruddin Surki, Mr. Ananth Kulkarni, Ms. Shikha Pandey, Mr. Rajesh Gowda and Dr Dutta.

In addition we would like to thank Dr Lakshmi and Ms Angel in helping out with various approvals to get this T3 initiated.

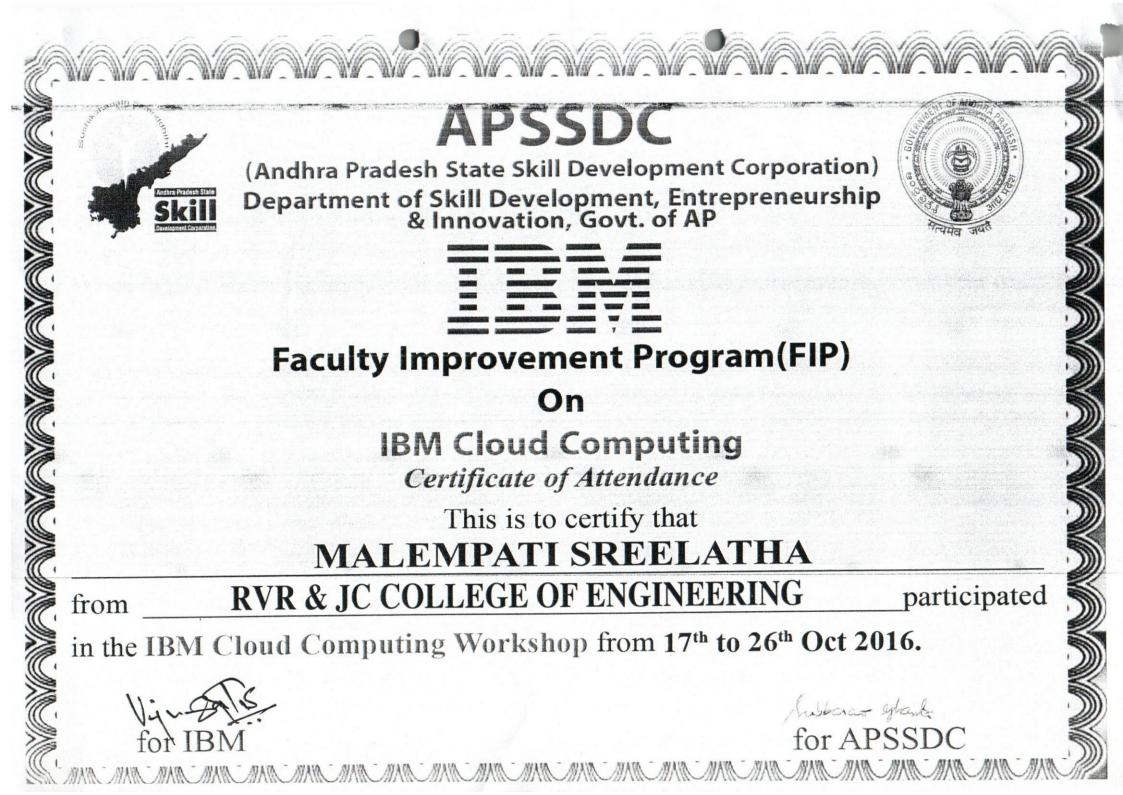

Thank you all and hope you carry with you sufficient knowledge and can impart these to others.

Warm Regards,

Melroy D'souza

Vice President - Operations Trans Neuron Technologies Pvt. Ltd. Bangalore, India Telephone +91-9739311711 www.transneuron.com | www.itrackglobal.com

1. Online work by individual participants: Each participant is expected to access the online platform, using a PC at home or office, on any convenient day and time during the week, with an online test every week. Each participant has to spend 6 to 8 hours of efforts per week during this component of the FDP. This is equivalent to one day of work in a regular FDP. This activity will be spread over 10 calendar weeks: From Monday 2 May 2016 to Sunday 10 July 2016.

2. Face-to-Face interaction: Participants will have to physically attend these sessions at their chosen or designated Remote Centers (RCs), established across the country by IIT Bombay. Focused interactive sessions with the participating teachers, will be conducted by the faculty from IIT Bombay. The discussions and local tutorial sessions will be moderated by the Workshop Coordinators appointed at each RC. This activity will be conducted on 3 weekends: 14, 15 May; 4, 5 June; and 25, 26 June 2016.

3. **Team assignment:** Teams of 3 to 5 members will be formed from amongst the participants at each RC. Each team is required to create and review the assignment, and submit the same online. Here again, each participant has to spend adequate effort, albeit in a coordinated manner with other members of the team. It will be undertaken from Monday 11 July 2016, after completion of the 10 weeks of online activity, and will have to be submitted within four calendar weeks, before Friday 5 August 2016.

#### **Criteria for Certification**

IIT Bombay will award certificates only to those participants who: successfully complete prescribed online tests with minimum 50% aggregate score, meaningfully participate in face-to-face sessions, and submit the team assignment of an acceptable quality. **AICTE has recognized this as a Four-week FDP.** 

Note That this FDP is conducted under the T10KT project of IIT Bombay. Live recording of the course and other created content will be released under Open Source, through a portal. The recorded CD/DVD of the course lectures will be available for

distribution at cost, to any individual or institution. A., participants are required to sign a

No Objection Certificate for such release of content contributed by them during and after the FDP. All contributors will be acknowledged.

#### **Course Fee**

Each participant designated of the FDP will pay Rs.1000/- participation fee to the Remote Centers. This is primarily to cover the cost of conducting face to face component of the FDP. The food and accommodation charges if any, are to be borne by the participants, apart from the fee.

SAP/ (CSR activities) is partially funding this FDP, therefore there is no fee to be paid to IIT Bombay. In addition, it has been decided that 200 top performing participants, will be given an SAP fellowship award of Rs. 5,000 each. Further, they will also be offered an opportunity to participate as associate faculty (with an appropriate honorarium, of course), for conducting this FDP in future.

#### Accommodation and other support

Remote Centers may at cost provide, tea/lunch on during the face to face interaction and accommodation, if available\*, for a limited number of outstation participants. Food and accommodation, are chargeable. The charges may vary from place to place, and are available in the online registration form. Please check the rates before you apply for these optional facilities. This cost is not included in the course fee.

#### How to Apply

If you wish to attend this course, you should register online. The online registration will start from Tuesday 19 April 2016. The last date of online registration is Friday 6 May 2016 The URL for registration is

Four Week AICTE approved FDP

by IIT Bombay on

## "Use of ICT in Education for Online and Blended Learning"

(This MOOC based FDP will be conducted in a blended mode over a longer period as explained in "Duration and Venue")

#### 2 May to 10 July 2016

Conducted by

#### **IIT Bombay**

<u>Course Coordinator</u> Professor Deepak B. Phatak Department of Computer Science & Engineering

Indian Institute of Technology Bombay Mumbai - 400076

#### roduction

IIT Bombay has been involved with distance synchronous education, since year 2000. We have trained over 1,00,000 teachers, in partnership with IIT Kharagpur, under the T10KT (Train 10 Thousand Teachers at a time) project sponsored by NMEICT. All training workshops so far, were on specific subjects of Engineering and Science Education, most of which are taught as core courses in our colleges and universities. The participating faculty has benefitted from these programs.

Online educational methodology, and flippedclassrooms with associated pedagogy of active learning, have quickly emerged as the mainstay of effective education in this century. However, most of our teachers lack skills and competencies for proper and effective use of ICT in education. It is thus an urgent national requirement that all our teachers, at least those teaching in our professional colleges, are empowered to use technology effectively, to enhance the quality of education.

To meet this requirement, IIT Bombay has specially designed a Faculty Development Program (FDP) on "Use of ICT in Education for Online and Blended Learning ". This FDP is designed as a MOOC (Massive Open Online Course), with some face-toface sessions at Remote Centres. It will be conducted beginning from 2 May 2016. Completion Certificates will be awarded by IIT Bombay to those participants, who successfully complete all online assessments, meaningfully participate in face-to-face sessions, and submit the prescribed team- assignment.

## Note submitted to the Principal

This is to inform you that with your kind approval, a four week Faculty Development Program (FDP) on "Use of ICT in Education on-line and Blended Learning" will be conducted during 2<sup>nd</sup> May, 2016 to 10<sup>th</sup> July, 2016 at our college Remote Centre (RC).

As it is an on-line programme, Participants will attend the interactive sessions that are conducted by the faculty of IIT Bombay on 3 weekends: 14<sup>th</sup>, 15<sup>th</sup> May; 4<sup>th</sup>, 5<sup>th</sup> June; and 25<sup>th</sup>, 26<sup>th</sup> June 2016 at our Remote Center (RC).

As we are getting tremendous response from the faculty of our college and outside colleges, we are planning to restrict the Participants strength to 50.

In this connection, it is request that kindly pass the necessary instructions to the concerned personnel to provide uninterrupted internet, power supply, lunch & tea, and transportation for the conduct of the programme smoothly during the above said days.

#### Note submitted to the Principal

This is to inform you that IIT Bombay has designed a four week Faculty Development Program (FDP) on "Use of ICT in Education on-line and Blended Learning" during 2<sup>nd</sup> May, 2016 to 10<sup>th</sup> July, 2016. It is intended for teachers in Higher education institutions of India.

As it is a on-line course, Participants will have to physically attend the interactive sessions that are conducted by the faculty of IIT Bombay on 3 weekends: 14<sup>th</sup>, 15<sup>th</sup> May; 4<sup>th</sup>, 5<sup>th</sup> June; and 25<sup>th</sup>, 26<sup>th</sup> June 2016 at their Remote Center (RC). The participants are required to pay Rs.1000/- to RC, in order to meet Food and accommodation expenditure during interactive sessions (6 days). I would like to inform you that this kind of program is more useful to our faculty members. In order to encourage our faculty members please permit us to conduct this program without collecting registration fee.

As per the information received from IITB, It is required to nominate the Workshop Coordinator (WSC) to monitor the activity. I request you kindly nominate, Dr. A. Srinagesh, Associate Professor, Department od CSE, as Workshop Coordinator to look after the program.

In this connection, it is planned to conduct the program for 40 faculty members (30 -In house and 10 – outside faculty members). I request you kindly pass the necessary instructions to the respective Head of the departments, to register minimum of five interested in house faculty members for this program.

Hence, it is requested that permission may be granted to conduct the same course for the Faculty of all engineering branches and also sanction an amount of Rs.20, 000/-to meet the food expenditure during the 6 days interactive sessions.

#### ONE DAY NATIONAL SEMINAR on

## Recent Advances in Pavements for Infrastructure Development (RAPID)

ON Saturday, 19<sup>th</sup> March 2016

Venue: SJB Seminar Hall RVR & JC College of Engineering

Organized by

DEPT. OF CIVIL ENGINEERING RVR&JC COLLEGE OF ENGINEERING CHOWDAVARAM, GUNTUR- 522 019

## About RVR&JC College of Engineering

R.V.R. & J.C. College of Engineering (Autonomous), Guntur established in 1985 is one of the premier engineering colleges in Andhra Pradesh in the self-financing category. Promoted by Nagarjuna Education Society, this is the most sought after college in the region. The institute offers seven B.Tech. degree programmes, five M. Tech. programmes, MBA and MCA.

R.V.R. & J.C. College of Engineering is one of the few engineering colleges that were accredited four times in 1998, 2002, 2007 and 2012. The college consistently figured among the top 100 engineering colleges in the country and was awarded the Best Performing Engineering College in the Acharya Nagarjuna University Examination results for the last five consecutive years. Further, the college is graded as AA+ by Careers 360 magazine in May, 2012.The college is accredited 'A' grade by NAAC in 2014

#### Indian Geotechnical Society (IGS) Guntur Chapter

Inaugurated in the year 2003, IGS Guntur Chapter has been one of the most vibrant chapters of the national professional body. The chapter, which has over 300 members, has organized several conferences, seminars and work-shops, the most significant being IGC-2009.

#### About Department of Civil Engineering

The department of Civil Engineering, established in 1985, offers B.Tech programme in Civil Engineering and M.Tech programme in Structural Engineering. The department has well experienced and committed teaching staff and highly skilled and motivated technical staff to provide quality education. Civil Engineering department is accredited and awarded 'A' grade for three consecutive times. The department has well established and state-of- the-art laboratories to cater to the needs of the students.

## About the Seminar

Well performing and safe pavements are absolutely essential for improving the quality of life and the challenges that need to be addressed are rehabilitation the existing roads as well as construction of new roads under increasing energy prices, aggregate shortages and the global warming. Introduction of new materials, reduction of cost and by saving energy and time are much needed for sustainable development. Introducing geosynthetics in the pavement layers improves the strength and stiffness of the flexible pavement. Scientifically designed and constructed Cement Concrete and White Topping roads ensure more longevity, safety and comfort. The long-term performance of white topping roads depends on the bond between the overlay and the bituminous road and joint space. Non Destructive tests like Falling Weight Deflectometer and Ground Penetrating Radar can be used to evaluate the structural condition of the pavement and pavement laver thickness and other properties. The workshop will provide an opportunity to share and explore new ideas and to review innovations in the practical application of using sustainable construction materials and new techniques in Pavement Engineering.

## Who should Attend

This seminar is open to practicing engineers from government and private organizations, academicians, contractors, consultants, third and fourth year students of under graduate students and post-graduate students of Civil Engineering.

#### About SAEINDIA

SAEINDIA is a professional engineering society whose membership represents practically every engineering and scientific discipline. Its members combine their specialized abilities to further advance the research, development, design, manufacture and utilization of vehicles which operate on land, water, air and space.

#### **Our Vision**

To continuously enrich knowledge base of practitioners in mobility industry and institutions in the service of humanity.

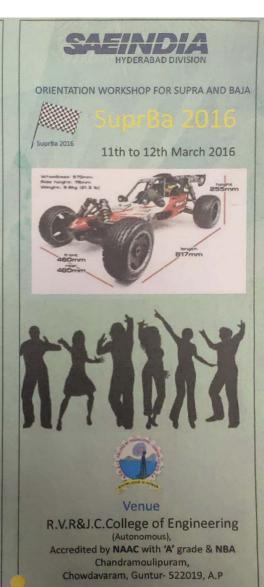

#### Our Mission

To enhance the knowledge base of members who are mobility practitioners within India To provide to its members access to SAE International programs and services globally, enabling them to practice world class standard in productivity and quality; To develop technical and scientific reports and engineering standards for the benefit of mankind; and

To provide a forum for members to informally exchange views and ideas

## NOTE SUBMITTED TO THE PRINCIPAL:

It is to bring to your kind notice that the Society of Automotive Engineers (SAE INDIA) is offering to organize SuprBa-2016 workshop in our college. They have extended this offer based on our students active participation in National Level Events during the past three years.

This is the first event being organized by SAE INDIA in New Andhra Pradesh State.

This workshop will include lectures by Experts from reputed Industries covering different aspects of Automotive Engineering such as Power Train, Suspension, Brakes etc., to give an exposure into Design, Manufacturing as well as Testing aspects.

The participants of this workshop are to be the mentors and student members of SAE Collegiate Clubs of various colleges.

We need to provide hospitality to speakers and external student participants (estimated participants of around 100 in numbers). The students of Mechanical Engineering will be benefited by participating in this event.

The expected total expenditure is around Rs.1.5 Lacks. However, we will try to get some Sponsors from local Automotive Dealers.

The tentative dates for conducting the above workshop is 13<sup>th</sup>-14<sup>th</sup> of February, 2016. Hence, we request you to kindly permit us to organize SubrBa-2016.

#### NOTE SUBMITTED TO THE PRINCIPAL:

This is to bring to your kind notice that the final year students of CSE have an elective subject BIG DATA ANALYTICS (Industry Related Paper) during this semester. The students need to have firsthand knowledge about various technologies on BIG DATA to gain practical knowledge, which is being used by the industry at recent times. In this regard, we have contacted M/s. Techno Tact, Bangalore to train our students. For the benefit of the students, it is planned to conduct a two-day workshop on "BIG DATA and HADOOP" for IV/IV B.Tech students in our campus during 29.01.2016 to 30.01.2016.

For conducting the said workshop, they have quoted an amount of Rs.30,000/- (for 3 Sections) and it was bargained to Rs.20,000/- and travelling charges for two days. It is also informed that three resource persons will handle the classes in parallel with practice class sessions for two days.

Hence, we request you to kindly permit us to conduct the workshop with necessary budget sanction.

## Vision of Workshop

- To create a support system that enhances right skills that are essential to survive, sustain and surge in IT Industry
- With years of experience, expertise and having understood the market demands, the best training programs are designed and implemented with right methodologies for Corporate & academic hierarchy
- With vast knowledge & industrial Experience strive to conduct the best workshop programs to students
- Primary focus is to fill the gap between academic standards of students and the industrial requirements
- Trying to enable the students to get employment opportunities immediately after they come out of the College by Enhancing the skills of students
- This workshop will be useful during campus recruitment
- most important benefit to the students is to get the recognition that ensures employment as soon as they complete their academics
- The program improves the competency of students on Big Data & Hadoop which helps to get recruited by organizations

## About Workshop

- The technical training duration will be 2 days, 3 days and 7 days depends upon the requirement.
- The training includes Basic and advanced level understanding on BigData and Hadoop (Covering major competitional syllabus).
- The workshop programs are designed to suit the requirements of engineering & post-graduation students and working professionals.
- Our 2 day workshop is designed to give a flavor of industry oriented HADOOP training by making the students knowledgeable by hands on experience

#### Eligibility

The participants must be a regular / visiting faculty in Engineering Degree College / Polytechnic, They must have at least B.Tech degree in Civil Engineering / Construction Technology / Infrastructural Engineering or equivalent. They should be teaching in Civil Engineering or allied departments, where subjects such as Structural Analysis, Reinforced Concrete design and Steel Structural designs are taught.

#### Who may benefit

The workshop is likely to benefit regular/visiting faculty colleagues who are teaching subjects like Structural Analysis, Reinforced Concrete design and Design of Steel structures.

#### Note

Please note that this ISTE STTP is conducted under the CEP IIT Kharagpur. Live recording of the course and other created contents will be released under Open Source through a portal. The recorded CD/DVD of the course lectures will be available for distribution, at cost, to any individual or institution. All participants are required to sign an undertaking for such release of contents contributed by them during and after the STTP. The recognition and citation will naturally be made for all contributors.

#### **Course Fee**

Since the workshop is funded by the National Mission on Education through ICT (MHRD, Government of India), there is no course fee for participation.

#### Accommodation

Remote Centers are being funded to provide tea/lunch on each day of the workshop, and for accommodation, wherever available, for a limited number of outstation participants. Travel expenses up to Rs. 1000/- one way and one-time will be reimbursed against proof of actual expenditure, for participants beyond a distance of 100 Km from the Remote Centre.

Dear Coordinator,

We are pleased to let you know that IIT Kharagpur is going to conduct the 6<sup>th</sup> ISTE STTP for Coordinators on "Introduction to Structural Engineering" under "T10KT" program of NMEICT.

As usual, this STTP will have two steps:

 One week ISTE STTP for Coordinators: The STTP will be held from 28<sup>th</sup> September to 2<sup>nd</sup> October, 2015 at IIT Kharagpur. You will identify one Workshop Coordinator experienced in teaching the subject "Structural Engineering" who will get trained at IIT Kharagpur for 5days.

The workshop coordinator will be paid AC 2 – Tier train fare by shortest route and his/her food/lodging will be provided during his/her stay. Air fare can be granted ONLY if :-

(a) The coordinator is eligible to travel by air strictly as per Government of India norms.

(find it out from your own institute).

(b) The coordinator is from remote regions like North - East India or Jammu & Kashmir.

2. Two-week ISTE STTP: The main STTP will be held during last week of December 2015/first week of January 2016. We target close to 10,000 college teachers who can participate through the remote centres. The main STTP will be held under **Blended Moocs** (Massive Open Online Courses) model. Here,

i. The participating teachers will complete the equivalent of two-week full time work online, spread over 6 physical weeks where video lectures and assignments will be uploaded beforehand.

ii. After completing the online assignments spread our 4 to 5 weeks the participants will assemble at the selected Remote Centers for 6 days face to face interaction, lecture sessions through A-VIEW and will complete team assignments, tutorials, quizzes etc.

iii. Offline assignments will be uploaded and the participants will have to complete these assignments within a stipulated time.

iv. There will also be a system of students' feedback in the main STTP.

We have opened the online registration portal for One week ISTE STTP for Coordinators on "Introduction to Structural Engineering on 12<sup>th</sup> August, 2015. Our announcement page is available on the following link:

http://www.nmeict.iitkgp.emet.in/structuralcoord.php

Kindly nominate and forward this email to the prospective Workshop Coordinators and advise them to apply as early as possible so that tickets and guest house accommodation can be ensured. Only one workshop coordinator can participate from each remote centre.

If you have already nominated your faculty then please ignore this mail

10 Work to one pointer program

With regards,

**Duration and Venue** 

The duration of the workshop will be five days. It will start on Monday 28" September, 2015 and will end on Friday 2" October,

2015 Venue: Kalidas Auditerium, IIT Kharagpur.

I assure you that all the responsibilities given by IIT Kharagpur will be carried out by us diligently and effectively. There will be a regular check of emails by workshop coordinator and he/she will respond to the emails, gueries and requests instantly. We understand that if the coordinator remains absent on any sessions during the ISTE STTP for Coordinators, he/she will be dropped from the workshop coordinator's position.

We are having all the common logistics facilities such as classroom, audio-visual equipments, computer terminal, accommodation (if yes) and food for participating teachers during the main ISTE STTP to be held during last week of December, 2015/first week of January, 2016.

Thanking You,

A Two-Day National Workshop on

# Evolutionary Computing: An Intelligent Problem Solving for Science and Engineering Applications

27th and 28th November, 2015

Organized by

#### Department of Computer Applications R.V.R. & J.C.COLLEGE OF ENGINEERING (Autonomous)(NAAC 'A' grade)(Accredited by NBA) (Approved by A.I.C.T.E.) (Affiliated to Acharya Nagarjuna University) Chandramoulipuram :: Chowdavaram GUNTUR – 522019 :: ANDHRA PRADESH

#### About the Workshop

The new millennium witnesses the emergence of Evolutionary Computation as the modern search and optimization technique for a wide variety of problem domains in Science and Engineering. Evolutionary Computing is a range of problem-solving techniques based on principles of biological evolution, such as natural selection and genetic inheritance. Depending on the nature of phenomenon simulated by the algorithms, the population based heuristic algorithms have two important groups: Evolutionary Algorithms (EA) and Swarm Intelligence Based Algorithms. Some of the recognized evolutionary algorithms are, Genetic Algorithms (GA), Evolution Strategy Programming (ES). Evolution (EP), Differential Evolution (DE) etc.

The objective of the workshop is to enlighten the teaching fraternity, researchers, and industry personnel on the principles, algorithms and applications of Evolutionary Computing. A hands-on experience session on Matlab has been planned for the benefit of the participants.

#### About the College

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli College of Engineering (A) was established by the renowned Nagarjuna Education Society (1967) in Guntur, in the year 1985. Today, it is the most sought after institution, offering 7 B.Tech. Degree Courses, 6 M.Tech. Courses in Engineering, in addition to MCA and MBA. The college periodically tested its own standards and standing among the fraternity of colleges, securing Accreditation from National Board of Accreditation, AICTE in 1998, 2002, 2007 and 2012. The college is graded as AAA

by 'Careers 360 Magazine' in May, 2013. The A.P. State Council of Higher Education (APSCHE) awarded the second best rating in 'Academic Audit and Grading' in 2004. The college was also accredited by NAAC with A grade in 2014. It also received 'The Best Performing UG College Award' in the university examinations, consecutively for the 6<sup>th</sup> time and won a place among the Top-100 Engineering Colleges in the country.

#### About the Department

The Department of Computer Applications started functioning from 1995 and presently offering Masters Degree in Computer Applications with 120 intake. The department has modern laboratories to serve the teaching and research needs of the students and faculty. Substantial computing resources that include high end servers with 130 MNC branded systems and all the necessary licensed software, giving students a diversity of experience in Operating Systems.

#### **Resource Persons**

Researchers in Evolutionary Optimization from NITs, Universities, and RVRJCCE.

#### **Target Audience**

Faculty & PG students of Science / Engineering Colleges, and Research Scholars.

#### **Registration Fee**

The registration fee is **Rs.500/-** should be sent by a crossed D.D. of any nationalized bank drawn in favour of **The Principal**, **R.V.R. & J.C. College of Engineering** payable at **Guntur**.

NOTE: No T.A., D.A., and accommodation will be provided.

#### **Chief Patrons**

Dr. K. Basavapunnaiah President Sri R. Gopala Krishna Secretary & Correspondent Dr. M. Gopalkrishna Treasurer

#### Patron

Dr. A. Sudhakar Principal

#### **Advisory Committee**

Dr. G. S. Prasad, Dean-Placements Dr. M. Venkateswara Rao, Dean-Exams Dr. K. Ravindra, Dean-Academics Dr. K. Srinivas, Dean-Student Affairs Mr. N.V. Srinivasa Rao, Dean-F&A

#### Convener

Mr. Ch.Srinivasa Rao, Assoc.Prof., & Head

#### Coordinator

Dr. K. Karteeka Pavan, Professor

#### **Organizing Committee**

Dr. Ch. Suneetha, Assoc. Professor Dr. M. Sridhar, Assoc.Professor Ms. I. Naga Padmaja, Asst. Professor Mr. G.V.K. Kishore, Asst. Professor Ms. M. Vasavi, Asst. Professor Ms. Ch. Sudha Sree, Asst. Professor Ms. T. Hymavathi, Asst. Professor Mr. P. Siva Prasad, Asst. Professor Ms. V. Sujatha Lakshmi, Asst. Professor Mr. B.Krishna Mohan, Asst. Professor Ms. M.Chaitanya, Asst. Professor Mr. M.Brahmaiah, Asst. Professor Specific Programme of Action

#### **First Day**

- Registration
- Inauguration
- Overview of the Optimization Theory, Methods and their implementation in Matlab
- Multi-objective Optimization(MOO)
- Introduction to Matlab
- Implementation of GA for a 0/1 knapsack problem in matlab (A practical approach)
- Implementation of DE for a 0/1 knapsack problem in Matlab (A practical approach)

#### Second Day

- Particle Swarm Optimization / Teaching Learning Based Optimization for Power Systems
- Data Clustering Using Evolutionary Computation (Demo)
- Manufacturing Optimization (Demo)
- Sequence Alignment using Evolutionary Computation(Demo)
- Job Shop Scheduling Using Evolutionary Computation(Demo)
- Valedictory Function

# Evolutionary Computing: An Intelligent Problem Solving for Science and Engineering Applications, 27-28 November, 2015

Date: 4<sup>th</sup> November, 2015

Dear Sir/Madam,

Sub: A Two day National Workshop on "Evolutionary Computing : An Intelligent Problem Solving for Science and Engineering Applications", 27th & 28th November, 2015.

We are pleased to inform you that, A Two-day National Workshop on "Evolutionary Computing : An Intelligent Science Problem Solving for and Engineering Applications", is being organized by the Department of Computer Applications, RVR & JC College of Engineering, Guntur during 27th & 28th November, 2015. The workshop is for faculty of Science / Engineering, P.G. students, and Research Scholars. The workshop provides hands-on practice of the Evolutionary Algorithms for selected problems using Matlab, enables the participants to learn Evolutionary Algorithms and Problem Solving using EAs. The workshop brochure is enclosed herewith.

We request your good self to kindly circulate the brochure to the faculty of Science / Engineering, PG students, and Research Scholars of all the departments. Also encourage their participation. An early response is solicited. We look forward to your whole hearted cooperation in making this workshop grand success by sponsoring/deputing the faculty to attend this programme.

With warm regards,

Yours sincerely, (Ch. SRI

### RVR&JC COLLEGE OF ENGINEERING (AUTONOMOUS) DEPARTMENT OF MANAGEMENT SCIENCES

21<sup>st</sup> September, 2015

### <u>CIRCULAR</u>

The Department of Management Sciences organizes a one day Orientation Programme on "Entrepreneurship Development" by Mr.M.V.SudhirKumar, Assistant Director, MSME – Development Institute, Hyderabad, on 22<sup>nd</sup> September, 2015 at 10.00 a.m. in the Seminar Hall, Decennial Block. All the members of the staff in the Department and students of MBA are requested to attend.

Members of the staff from the sister departments in the college who are interested in attending are quite welcome to do so.

#### INTRODUCTION

In recent years, rapid advances in biomedical technology have given rise to miniaturized products with increased and more powerful functionality. Such a trend of size reduction bolsters demand for enhanced precision of manufactured products not only in terms of the size and shape, but also the quality of the micro manufacturing.

Biomedical Engineering is a highly interdisciplinary and upcoming field of technology. Being an integrating medium for two dynamic professions, Medicine and Engineering, this discipline has the broad objective of assisting in the struggle against illness and disease by providing tools and techniques for research, diagnosis and treatment. The awareness in using biomaterials instead of traditional materials is growing, and as a result, an increased number of advancements in biomaterials are being made to meet the current and future needs in biology and medicine.

Orthopaedic biomaterials are enormously successful in restoring mobility and quality of life to millions of individuals each year. These products are generally used for either fracture ûxation or joint replacement. Using nanotechnology, the total joint replacement surgeries are successful by improving the wear performance of the biomaterials. A new class of engineering and medical fluid called nano fluid is used for cancer treatment. Biosensors are implanted in the body which can control the blood pressure. Biomaterials are also successfully implemented in Dental implants, cardiovascular surgeries and surgical instruments. So, the program is intended as a step forward in giving the future directions of using different materials and their developments with technical fundamentals and analysis.

#### **OBJECTIVES**

- Mainly focused to encourage, promote and advance interdisciplinary co-operation amongst scientists, engineers and medical doctors.
- The seminar also discusses the future challenges of Biomaterials for the benefit of humanity and healthy society.
- Vast information provided during the seminar will enable the participants to improve their know how in this upcoming area, but also to develop new skills, share expertise and consolidate knowledge.

Proposed seminar is useful in deeper understanding of these fast growing fields in India.

#### SEMINAR CONTENTS

The seminar focuses on

- Introduction to Micro machining
- Characterization of Micro machining surfaces
- Introduction to Biomaterials
- Synthesis and characterization of Biomaterials
- Processing methods of Biomaterials
- Orthopedic materials and their applications
- Dental implant materials and their applications
- Development, regulation and ethics of medical products using Biomaterials
- Challenges and Future scope of BioMedical Engineering.

#### PROGRAMME DELIVERY

Renowned resource persons / Subject specialists from Academia, Institutions, R & D and Medical practitioners would be delivering lectures and sharing their experiences with the participants.

#### **ELIGIBILITY**

The programme is open to teachers of AICTE approved Engineering/Polytechnic colleges working in all disciplines, M.Tech students, medical doctors and Production Engineers from Industry. Participants are limited to 40.

#### TRAVEL AND ACCOMMODATION

No TA/DA will be paid. Participants will be provided with free boarding and lodging at College hostels.

#### ABOUT THE COLLEGE

R.V.R. & J.C.College of Engineering, (Autonomous), Guntur, established in 1985, is the 'Jewel in the Crown' of Nagarjuna Education Society, which took upon itself the responsibility of enriching the society through promotion of education, literature and culture. This Engineering College, since its inception, enjoyed the status of a proud possession of Guntur and truly contributed to the objective of offering quality education. Today, this most sought after college offers eight B.Tech, degree courses in Engineering, five M.Tech courses, MBA and MCA. The commitment, emotional attachment and professionalism sustained by the Management and Staff, since its inception, brought the following laurels.

Solution of the few Engineering Colleges that was accredited four times 1998, 2002, 2007 and 2012.

- The college has been graded as the second best among the private Engineering Colleges by the APSCHE, Hyderabad
- Consistently figured among the top 100 Engineering colleges in the country.
- Consistently awarded the best performing Engineering College in University Examinations for the last five years.
- Graded as AA+ by careers 360 magazine in May, 2012.
- Graded as A+ with five years by NAAC appointed by UGC in September, 2014.

#### ABOUT THE DEPARTMENT:

The Department of Mechanical Engineering started B. Tech course in 1985 and M. Tech (CAD/CAM) in 2004. The B. Tech course had been accredited with "A "grade by NBA for 3/5 Years in 1998, 2002 respectively. It has been re-accredited for 3 years in 2007 and in 2012. The department was awarded Rs.83 lakhs worth projects by AICTE, UGC and so on. The department has well experienced faculty with right mix of specializations to provide quality education to the students. Well established CAD/CAM laboratory with advanced modeling and analysis software's. Many of its students are placed in multinational companies like ISRO, HPCL, HAL, CUMMINS, ESSAR STEELS, INFOSYS, CTS, TCS, SATYAM VENTURES and INFOTECH etc., through campus selections.

#### **Registration and Fee Particulars for Participants**

- Educational Institutions
   : Rs. 200/-
- ✤ R&D Organizations & Industries : Rs. 500/-
- P.G Students and Research scholars : Rs. 100/-The registration fee enables the participants to receive seminar kit, proceedings CD, and lunch etc during seminar days.
- Registration forms are available on the website www.rvrjcce.ac.in.
- Filled in applications can also be mailed to vcd2k2@yahoo.co.in

R.V.R& J.C. College of Engineering,Guntur-522019 National workshop on Bigdata & Hadoop 21<sup>st</sup> & 22<sup>nd</sup> August 2015 Department of Information Technology

### By Mr.Rajsekhar...

### Vision of Workshop

- To create a support system that enhances right skills that are essential to survive, sustain and surge in IT Industry
- With years of experience, expertise and having understood the market demands, the best training programs are designed and implemented with right methodologies for Corporate&academic hierarchy
- With vast knowledge & industrial Experience strive to conduct the best workshop programs to students
- Primary focus is to fill the gap between academic standards of students and the industrial requirements
- Trying to enable the students to get employment opportunities immediately after they come out of the College by Enhancing the skills of students
- > most important benefit to the students is to get the recognition that ensures employment as soon as they complete their academics
- The program improves the competency of students on Big Data& Hadoop which helps to get recruited by organizations

### Day 1 : Session 1

### 1. Big-Data

- Introduction to BigData
- > What is BigData
- How much data Data Scaling
- > How it is Different
- How data becomes BigData
- BigData Sources
- Characteristics of BigData

### Q & A Session

### Day 1 : Session 2

- Types of Data
- Application Of BigData
- > Analytics of BigData
- Risks of BigData
- Benefits Of BigData
- BigData Impact on Market
- Future Of BigData

Q & A Session

### Day 1 : Session 2

2. Hadoop

- > What is hadoop
- Hadoop History and origin
- > Why hadoop
- > Hadoop Distributions
- > Users of Hadoop
- > How hadoop useful for organization

O & A Session

### Day 1 : Session 3

- Hadoop Eco System Over View
- > What is hadoop used for
- Hadoop Architecture
- > Hadoop Daemons
  - Master Daemons(Namenode , JobTracker, Secondary Namenode)
  - Slave Daemons(DataNode, Task Tracker)
- Daemons Architecture
- > Failover of Namenode
- Installing cloudera Hadoop

Q & A Session

### Day 1 : Session 4

# 3. HDFS (Hadoop Distributed File System)

- > Traditional File System VS HDFS
- > What is HDFS
- Design Principles
- > HDFS Architecture
- Replication and its strategy
- > HDFS commands ---- Practical Session

0 & A Session

### Day 2 : Session 1

### 4. MapReduce

- > What is MapReduce
- > Why MapReduce
- Stages of MapReduce
- Design Of MapReduce
- MapReduce Life Cycle
  - Mapper
  - Partitioner
  - \* Reducer

### Day 2 : Session 2

Developing MapReduce Program Using Eclipse -- Prac

Q & A Session

### Day 2 : Session 3

### 5. Hive

- > What is Hive
- > Why Hive?
- > When to use?
- > Overview on Hive
- > Types of Tables:
  - Managed Tables -- Practical Session
  - External Tables -- Practical Session

Q & A Session

Day 2: Session 4

> Partitions -- Practical Session

#### **ABOUT THE COLLEGE**

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli (RVR&JC) College of Engineering (A) was promoted by Nagarjuna Education Society, Guntur in the year 1985. The promoters of the college have pursued their mission with such a zeal and understanding that the college had over taken the older colleges quantitatively and qualitatively. Today it is a most sought after institution offering 7 B.Tech. Degree Courses, 6 M.Tech. courses in Engineering, in addition to MBA & MCA

- One of the few Engineering Colleges that were accredited by NBA for four times in 1998, 2002, 2007 and 2012.
- Consistently figured among the top 100 Engineering Colleges in the country
- Consistently awarded the Best Performing Engineering College in University Examination results for the last consecutive six years.
- Graded as AAA by Careers 360 magazine in May, 2013.
- Accredited by NAAC with A grade in 2014.

#### **ABOUT THE DEPARTMENT**

The Department of Chemical Engineering was established in the year 1996 and presently offers 4-year B.Tech. programme in Chemical Engineering with 60 intake. The programme is approved by AICTE and Accredited Thrice (Accredited for Five Years in 2012) by National Board of Accreditation (NBA), AICTE, New Delhi. The Department has the state-ofart equipment necessary for curricular needs. All the laboratories are fully equipped with latest equipment and advanced software packages such as ASPEN plus University Package, TSPL, MATLAB and SWIFT.

#### **ABOUT ACTE-2015**

Computational Techniques play a key role in any engineering solution. The core engineering processes are modeled and then simulated by using either numerical or computer simulation. Each and every Engineering problem can be converted into a mathematical model by applying fundamental laws. These model equations are solved by using computational techniques to find the numerical solutions. These computational techniques can be applied through computer programming softwares like C-Programming, MATLAB, COMSOL etc.

This workshop is aimed at imparting the knowledge of above mentioned computing skills to the faculty, research scholars and students of engineering branches.

#### **OBJECTIVES:**

- To provide a platform to the faculty, researchers and students for improving their application skills in simulation.
- · To provide awareness on various computer aided modeling and simulation tools such as MATLAB. COMSOL etc.
- To present most recent technological advancements in simulation of engineering problems.
- To conduct Hands-on sessions of computing techniques to solve engineering problems.

#### **RESOURCE PERSONS:**

Eminent persons from IITs, NITs, IIITs, Research Institutes and experts from reputed Industries.

#### **TARGET AUDIENCE:**

Faculty, Research Scholars & Students from AICTE approved Institutions and Process Engineers from industry.

#### REGISTRATION

The Participants should send the filled-in registration form along with the Demand Draft taken in favour of Principal, RVR&JC College of Engineering (A), payable at Andhra Bank, Chowdavaram, Guntur. The selection of participants is done purely on first cum first serve basis. The selected participants would be informed by 30<sup>th</sup> October, 2015.

#### **REGISTRATION FEE**

| Faculty / Industry professionals | : | Rs. 500 |  |
|----------------------------------|---|---------|--|
| Research Scholars / PG Students  | : | Rs. 300 |  |
| UG Students                      | : | Rs. 200 |  |

#### ACCOMMODATION:

Dormitory accommodation will be provided at free of cost to all outstation participants in the college hostels. Please inform the requirement of accommodation in advance.

### NOTE SUBMITTED TO THE PRINCIPAL:

The department of CSE is proposing to conduct a three-day Workshop for III/IV CSE students on **"ANDROID Application development"** from 16.03.2015 to 18.03.2015 (or 23.03.2015 to 25.03.2015).

In this regard, we request you to kindly sanction an amount of Rs.30,000/- for conducting the workshop(Rs.200/- per head for 180 students). The "Coign" organization is charging Rs.600/-per head in other colleges and it is ready to conduct the workshop for Rs.30,000/- in our organization.

Kindly, permit us to conduct the workshop

12/20/2015

Yours faithfully,

(Dr.M.SREELATHA) Prof.,& Head

### Goal

- Get you an idea of how to start developing Android applications
- Introduce major Android application concepts
- Walk you through a sample application in the development environment

CIORCUD

# Agenda

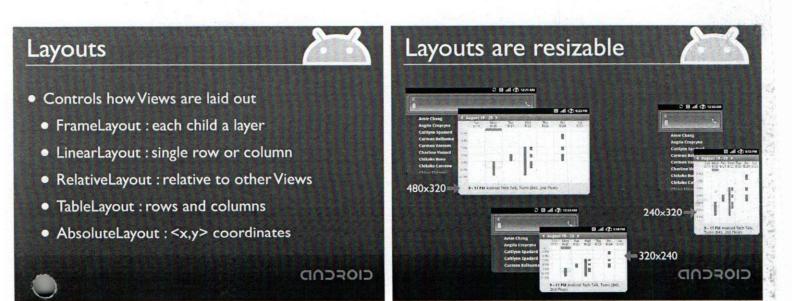

- System architecture
- Hello World!
- Application components
- Practical matters
- Toolchain

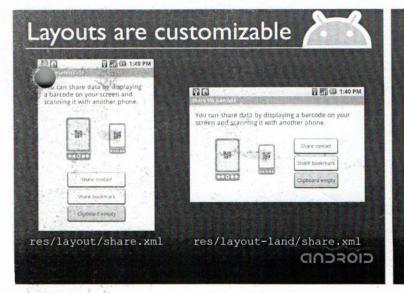

### What is Android?

- A free, open source mobile platform
- A Linux-based, multiprocess, multithreaded OS
- Android is not a device or a product
- It's not even limited to phones you could build a DVR, a handheld GPS, an MP3 player, etc.

### ContentProviders

- Enables sharing of data across applications
  - Examples: address book, photo gallery, etc.
- Provides uniform APIs for:
  - querying (returns a Cursor)
  - delete, update, and insert rows
- Content is represented by URI and MIME type

### Assets

- Similar to Resources
- Differences:
  - Read-only
  - InputStream access to assets
- Any kind of file
  - Be mindful of file sizes

## R.V.R & J.C COLLEGE OF ENGINEERING (AUTONOMOUS) GUNTUR-522019 DEPARTMENT OF CIVIL ENGINEERING

Date: 24.02.2015

#### Circular

All the staff members are requested to attend a One-day National Seminar on 'Case studies in Geotechnical Engineering Practices (CGEP-2015)' on 28th February 2015, without effecting regular class work.

P K.Sui

(Dr.K.SRINIVASU) HoD, Civil Engineering

#### About RVR&JC College of Engineering

R.V.R. & J.C. College of Engineering (Autonomous), Guntur established in 1985 is one of the premier engineering colleges in Andhra Pradesh in the selffinancing category. Promoted by Nagarjuna Education Society, this is the most sought after college in the region. The institute offers eight B.Tech. Degree programmes, five M. Tech. programmes, MBA and MCA.

R.V.R. & J.C. College of Engineering is one of the few engineering colleges that were accredited four times in 1998, 2002, 2007 and 2012. The college consistently figured among the top 100 engineering colleges in the country and was awarded the Best Performing Engineering College in the Acharya Nagarjuna University Examination results for the last five consecutive years. Further, the college is graded as AA+ by Careers 360 magazine in May, 2012. The college is accredited 'A' grade by NAAC in 2014

#### **IGS-GUNTUR CHAPTER**

haugurated in the year 2003,Indian Geotechnical Society(IGS) Guntur Chapter has been one of the most vibrant chapters of the national professional body. The chapter, which has over 200 members, has organized several conferences, seminars and work-shops during the last ten years, the most significant being IGC-2009.

#### ABOUT DEPT.OF CIVIL ENGG.

The department of Civil Engineering, established in 1985, offers B.Tech programme in Civil Engineering and M. Tech programme in Structural Engineering. The department has well experienced and committed teaching staff and highly skilled and motivated technical staff to provide quality education. Civil Engineering department is accredited and awarded 'A' grade for three consecutive times. The Department has well established and state-of-the-art laboratories to cater to the needs of the students. The department takes active role in conducting seminars, workshops etc. in all major disciplines of Civil Engineering.

#### **ABOUT THE SEMINAR**

Unforeseen geological conditions and the associated geotechnical problems are a major contributor to cost and schedule overruns on large civil engineering projects. In spite of numerous attempts to deal with these situations, the problems still persist. The best solution is to define the geological conditions as early and as accurately as possible so that surprises are minimized.

The amounts of money, involved in claims arising from the geotechnical problems, is enormous. Inadequate site investigations ranks as one of the major contributors to geotechnical risk. Ongoing investigation during construction is also important .The use of experienced consultants in the early stage of a project can also contribute to the reduction of geological and geotechnical risks. The judgment of these individuals, built on their wide experience in similar geological environments, can help to put problems in proper perspective and to set priorities for the use of limited resources and time. Academics, including researchers and students, field engineers and professional practitioners are advised to make use of this unique opportunity and enrich their knowledge and professional skills.

#### NOTICE

A Workshop is arranged as per the following details:-

Date & Time : 10.12.2014 (10.00 AM to 4.30 PM)

Venue

: NC-I Lab

Speaker's

: Sri. Satyanarayana Chaluvadi, Managing Director, CAMPUS GLUES, Software Training & Development Centre, Guntur.

Topic

: One day Workshop on " .Net Programming "

All the IV/IV B.Tech (CSE) students are required to attend the Workshop without fail. The staff members, who are interested in attending the Workshop, may please attend.

(Dr.M.SREE LATHA) Prof., & HOD, CSE

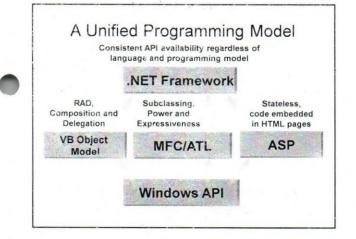

IV/IV Brech CSA-

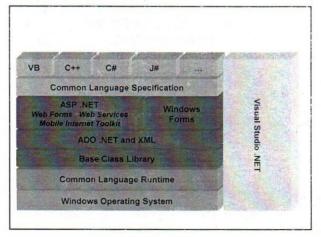

#### Cc to:

- 1. Principal for favour of information.
- 2. To be read in IV/IV B.Tech (CSE) Class Rooms.
- 3. All the teachers handling IV/IV B.Tech (CSE).
- 4. Administrative Officer for further necessary action.
- 5. File Copy.

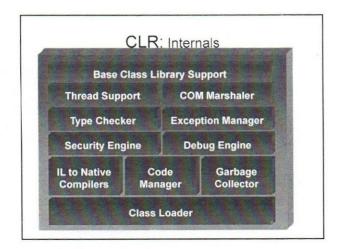

#### Manages running code

- Threading, Memory management
- Eliminates memory management drudgery
- Kills entire classes of bugs (e.g., memory corruption, ref counting)
- Auto-versioning, no more DLL Hell
- Scalability, performance, reliability all improve
- Fine-grained evidence-based security
  - Code access + Role-based
  - Integrated with underlying OS
  - Security model ensures safety
- No-touch deployment
- XCOPY, no registry required
- Object remoting with SOAP

## Framework Classes

#### Spans all programming languages

- Enables cross language inheritance and debugging
   Integrates well with tools
- Object-oriented and consistent
- Increases developer productivity by reducing the number of APIs to learn
- Common type system built-in
- Extensible

.

- Makes it easy to add or modify framework features
   Secure
  - Allows creation of secure applications

#### .Net Framework Classes Unified and Comprehensive API

- System & Runtime Functions
- Windows & Web Development
- Web Services
- Data Access & XML Services
- Networking & IO
- Enterprise Services (COM+ & MSMQ)
- Directory & Security Services
- Diagnostics, Perf-Mon, Debug
- And many more ...

#### .NET Security

#### Role-based Security

- What the user is allowed to do within the application
- .NET Roles = Windows Active Directory<sup>®</sup> groups
- Code Access Security
  - What the code is allowed to do on this machine
  - Evidence Based (Policies, Permissions,
  - Evidence)
- Cryptography Built In to .NET FX

#### Visual Basic .NET

- Evolution, not revolution, of language used by developers worldwide
- Builds on existing technology while adding power
  - True OOP
  - Multithreading
  - NT Services
  - Web Services
- The fastest way to build scalable applications for industry

#### Visual C# .NET

Component Oriented Language

- C# is the first "component oriented" language in the C/C++ family
- Component concepts are first class:
   Properties, methods, events
  - Design-time and run-time attributes
  - Integrated documentation using XML
- · Enables one-stop programming
  - No header files, IDL, etc.
  - C++ heritage simplification with no unnecessary sacrifices

## Visual J# .NET

- Native support for XML Web services
- Fully integrated with Visual Studio .NET development environment
- Full access to the .NET Framework
  - ASP.NET, ADO.NET, Windows Forms
  - Integration with >20 other languages
- Protection of existing investments
  - Use java language syntax on .NET
  - Move applications and skills forward

#### Web Services Open Standards & Protocols

- XML
  - Universal data format
  - Standards-based integration
  - User-customizable
- HTTP
  - Ubiquitous protocol
  - Universally understood

#### VS.NET and Web Services

- Expose functionality as service
  - No need to learn XML, SOAP, or WSDL
  - Interface is automatically generated
  - Seamless deployment
- Reuse existing Web Services
  - VS.NET generates the plumbing
  - Full IntelliSense support
- · Build and consume with any VS language

### Software as a Service

Visual Studio .Net and the Net Framework

- · Built-in Support for Developing and **Consuming Web Services** 
  - Based entirely on open standards
  - Automatically generates WSDL
  - Automatically provides test page
  - Attribute based No heavy coding needed

#### Windows Forms

- · Rich, powerful client UI
  - Control anchoring, visual inheritance
  - Shared across all .NET languages
  - No-touch deployment
- Secure
  - Semi-trusted browser component
  - Fully-trusted local application
- Full Web Service integration

#### Dear Sir/Madam

Sub:National Workshop on "Research Issues in Information Retrieval" during 2<sup>nd</sup> & 3<sup>rd</sup> May, 2014 - Reg.

It is our great pleasure to inform you that Department of Computer Science and Engineering is organizing a workshop on "Research Issues in Information Retrieval" which provides a forum for sharing technical and research experiences in the field of Information Retrieval and Data Mining.

We request your good self to kindly circulate the information brochure to the Faculty of CSE, IT & Computer Applications, P.G Engineering Students & Research Scholars and motivate them to participate.

We look forward to your whole hearted cooperation in making this workshop a grand success by sponsoring the faculty to attend this programme.

Thanking You,

Yours Sincerely, (Dr.M. Sree Latha)

Prof. & HOD, CSE

Dt: 28-03-2014.

#### Note Submitted to the Principal

This is to inform that with your kind approval, we are conducting a two day national workshop on "Research Issues in Information Retrieval" during 2<sup>nd</sup> & 3<sup>rd</sup> May, 2014. In this connection, please permit us to go for brochure printing and posting the same to various Engineering colleges of Andhra Pradesh, Tamilnadu, and Karnataka. It is also requested that kindly sanction an amount of Rs. 5000/- asan advance in order to meet the initial expenditure (i.e Printing and Postal charges) of the workshop.

Thanking you Sir.

MCHUSEIS1 (Dr. M.V.P. Chandra Sekhara Rao)

Professor, CSE

#### NATIONAL LEVEL WORKSHOP ON "COMPUTER VISION AND PATTERN RECOGNITION USING MATLAB<sup>®</sup>" 21<sup>st</sup> & 22<sup>nd</sup> April, 2014

ORGANISED BY DEPARTMENT OF INFORMATION TECHNOLOGY

#### ABOUT THE COLLEGE

The Rayapati Venkata Ranga Rao & Jagarlamudi Chandramouli (RVR & JC) College of Engineering (Autonomous), Guntur, established in the year 1985, is the 'Jewel in the Crown' of Nagarjuna Education Society which took upon the responsibility of enriching the society through the promotion of education, literature, and culture. The college draws its initial impetus from people's representatives, local doctors, charitable trusts, and commercial houses of Guntur District. The promoters of the college have pursued their mission with such a zeal and understanding that the college had over taken the older colleges quantitatively and qualitatively. The college periodically tested its own standards and standing among the fraternity of colleges, securing Accreditation from National Board of Accreditation, AICTE in 1998, 2002, 2007 & 2012. Today it is a most sought after institution offering 8 B.Tech. Degree Courses, 6 M.Tech. Degree courses in Engineering, MCA & MBA.

#### ABOUT THE DEPARTMENT

The Department of Information Technology started B.Tech. course in 1998, and M.Tech.(CST) in 2013. The B.Tech. course has been accredited by National Board of Accreditation (NBA), AICTE, twice. The department provides state of art computing facility to the students through wellequipped labs. The department has over 150 Intel core2 duo and Intel corei3 processors based systems which are fully networked and has the latest software. The programs are handled by well experienced faculty with right mix of specializations and highly skilled and motivated technicians to provide quality education to the students. The competency, eagerness, and enthusiasm of faculty are reflecting in the quality research publications, seminars, and conferences. A good number of university ranks are secured by the students of IT every year in the university examinations.

#### **3OUT THE WORKSHOP**

This workshop will enable the participants to get hands-on training in practical implementation of theoretical concepts of Image Processing, Computer Vision, and Pattern Recognition using MATLAB<sup>®</sup>. This practical software based training will clarify concepts and build intuition, insight and understanding of the subject very well. Therefore the participants could not only learn how to process image signals but also gain a deep insight into applied mathematics and programming skills. The developed mathematical and numerical insight will explore the beauty of Computer Vision and Pattern Recognition and also render the participants a basic understanding of mathematical methods such as Fourier Transform, Wavelets, etc., which indeed is of great value in many other fields.

Topics to be covered include:

- Introduction to MATLAB<sup>®</sup>.
- Image Processing using MATLAB<sup>®</sup>.
- Computer Vision.
- Pattern Recognition by Parametric and Nonparametric approaches.
- Shape based Object Recognition.

All the theoretical sessions are followed by Hands-on Training and Case Studies.

## NOTE SUBMITTED TO THE PRINCIPAL:

Dt: 26.11.2014

Sir,

This is to bring to your kind notice that CLUB SPARK (A Student initiated Knowledge Club) is going to organize a two-day workshop on "BIG JOB HUNTING" by Sri Karumanchi Narasimha, M.Tech in C.S.E, I.I.T, Bombay, who is the author of SEVEN books and also the founder of Career Monk (www.CareerMonk.com).

# The topics to be covered in the workshop are:-

Tips for students: How to prepare for product based companies like Microsoft,

Explain the interview process at different companies [bar raiser concept]

Explain the work culture at companies

How to prepare for GATE

Introduction to Algorithms: Clearing doubts and making then understand the

### Few logical problems on:

Linked Lists, Memory Efficient Linked Lists, Skipped Lists, Bloom Filters, Stacks, Queues, Trees, Priority Queues: Few Tricky questions on this Hashing and indepth analysis Searching, Sorting, String Algorithms, Suffix Trees, Algorithm Techniques: Greedy, Divide and Conquer, and Dynamic Programming.

Target Audience: All Faculty/Students of CSE/IT Students of all years (we can skip first year) and other branch students whoever interested in knowing about the interview process at big companies like Microsoft, Google, Amazon etc.

The honorarium for the above programme for the two-day workshop is Rs.20,000/- (Rupees Twenty Thousand Only).

Hence, I request you to kindly give permission to organize the above workshop for all the staff & III/IV & IV/IV B. Tech students.

Thanking you Sir,

Dr.M.Sree Latha Prof., & HOD, CSE
